MINUTES

OF THE

CITY COUNCIL

FOR THE YEAR

1915

Council Chamber, Kingston, Jan. 11, 1915.

The inaugural meeting of the Council of the Corporation of the City of Kingston for the year 1915 was held in the Council Chamber at 11 o'clock a.m. to-day.

J. M. Farrell, Police Magistrate, administered the declaration of office to the Mayor-elect, Robert Dundas Sutherland, who then took his seat and administered the declaration of office to the Aldermen-elect as follows:—

Sydenham Ward—William Henry Wormwith, Hugh Collamer Nickle.

Ontario Ward—Nicholas Edward O'Connor, Robert John Gardiner.

St. Lawrence Ward—George Herbert Gillespie.

Cataraqui Ward—Wm. Alan Stroud.

Frontenac Ward—James Stuart Richardson McCann, George Clarke Wright, William Palmer Peters.

Rideau Ward—William Robert Clugston.

Victoria Ward—John William Litton.

The City Clerk then called the roll, the following members being present:—

His Worship Mayor Sutherland, Ald. Bews, Couper, Clugston, Fair, Gardiner, Graham, Gillespie, Hanley, Hughes, Kent, Litton, McCann, Newman, Nickle, O'Connor, Peters, Richardson, Stroud, Wright, White, Wormwith.

Mayor's Inaugural Address.

Kingston, January 10th, 1915.

Gentlemen of the City Council,—

The honor has fallen upon me this year to preside over this Council Board, and in the capacity of presiding officer I now bid you welcome.

In extending this welcome I cannot but note the absence of those who have retired this past year, and amongst whom are those, to whom the city owe a deep debt, as by the long and valuable service they have rendered the city owes them much, and their faces and advice will be missed by us all.

However, when I look around and see the personnel of those newly elected, I see good material, and feel confident that they will give a good account of their stewardship.

In welcoming our new members, I wish to congratulate you on your successful entrance into public life and the functions of municipal government, and I feel assured you have the conscientious appreciation of the responsibilities involved in the discharge of your office.

In assuming these responsibilities it is incumbent on you to remember that a public trust demands impersonal action without fear or favor and that the public good should be the first consideration. In short, the qualifications for public office may be summed up as follows:

To be economical, yet not parsimonious;
To be liberal, yet not extravagant;
To be accommodating to the few, yet lenient to the many;
To please, yet not to pander;
To be flexible, yet strong;
To be courageous, yet candid; and last, but not least, incisive, yet not spiteful.

These qualifications, gentlemen, I believe you to possess, and it now remains with you to live up to them, and prove to those who elected you that their confidence has been well placed.

I regret the apparent lack of interest in civic affairs, but I trust you may be the harbinger of many other worthy citizens, recognizing the duty they owe, not only to themselves, but to the city as well, and who will offer themselves in the future.

Before attempting to briefly outline the policy for this coming year, I cannot let this opportunity pass without mention being made of the deplorable conditions which are world-wide to-day, and which are so universally regretted. However, these conditions were forced

upon us. We were not the aggressor, but simply stood by our obligations to a weaker power, and proved in doing so, that as a nation, our word could be relied upon, which to-day makes every member of the Great British Empire hold his head the higher, and thank God it is his privilege to belong to such an Empire.

It is not necessary for me to dwell at any length to-day on these world-wide issues, but these conditions have a great effect on us as a civic body. They necessitate a programme based on economy, and the word *"Economy,"* consistent with efficiency, must be our watchword this coming year.

In the face of these conditions, it is encouraging to note the feeling of optimism which prevails, and while we have no fear of the outcome of the issues involved, yet we have to govern ourselves consistently with every good business principle. The demands to be made upon us will be many, and it is only by an economical policy that these different issues can be met when they present themselves. We have not only to provide for to-day, but we must look further ahead, and be in good sound condition to take advantage industrially of the opportunities which will present themselves, when the present cloud, under which the world rests to-day, has cleared away.

This past year has seen many improvements in our civic life. Princess street has been paved; the white-way is in operation; and the Commission has finished its first year.

At the recent municipal elections a Power By-law was endorsed by the electorate, and by its passing the way is opened up for cheaper power, which I sincerely trust will lead to a reduction in the cost of street lighting; and also to the advantage of the consumer. It may also enable us to compete with other municipalities in supplying energy at a lower rate to prospective industries. A contract should be drawn up between the Finance Committee and the Commission for our street lighting, and the present loose system done away with, and the powers of the Fire and Light Committee clearly defined. The whole street lighting question should be left entirely with this Committee, and a proper system of checking the lights should be established, and the dealings between the Light Committee and the Commission should be along strictly business lines.

Unfortunately, through carelessness, the By-law to reduce the members of Council was not submitted to the ratepayers this past year, and in view of the Committees of Council being reduced by the appointment of the Commission, a by-law should be prepared this year and submitted to the people at the first opportunity for their expression. The necessary legislation also should be undertaken to reduce the term of office of an alderman to one year.

As to the financial position of our light plant, I am, at present, unable to express myself, as Council did not have a statement presented to it of this department. In view of this I would suggest that a statement be submitted to Council, if possible, periodically, say every quartter. In fact, I am under the impression that the Act demands that a statement be furnished Council on the 15th of January, each year, and that any surplus funds should be paid over quarterly. As Council has to provide the funds for capital expenditure, it should have a full knowledge of the financial condition of the plant, before it can deal intelligently with the questions involved, and as we are entitled, as a Council, to any surplus revenue, we should be in a position to know if there is any revenue or not.

I would also suggest that all utilities be installed at the one time, and same be charged against the properties so benefited as a local improvement. This is not only economy, but prevents an injustice to some tax payers, should they happen to be so situated that they have unbuilt properties between them and the nearest water or gas mains. These conditions should not exist. There should be equal rights to all, and every one should have easy access to all conveniences on the same footing.

To facilitate matters at Committee meetings, a map should be prepared, showing all mains (gas or water), hydrants, street lights, etc., and hung up in the General Committee Room. This would enable any committee to deal intelligently and quickly with any question in reference to these utilities. This, I would suggest, be done at once; as a member of different committees in the past, I have felt the need of such a map.

As there is nothing which adds more to the appearance of a business street than well lighted windows, I would suggest that a special rate be made for window lighting, and also along this line I would suggest, porch lighting in the residential section be furnished at a special, if not fixed, rate. This would not only add to the comfort of the consumer, but add greatly to the appearance and safety of our streets, and might lead incidentally to a reduction in the cost of street lighting, by a redistribution of the present lights.

There are many measures which I should have liked to have seen undertaken this year, but in view of present day conditions we must cut our cloth according to our measure, and undertake no expenditures which we can possibly avoid on capital account, but in whatever we undertake, we should build along modern civic improvement lines.

The financial situation before us is a most serious one. We carry from last year a deficit, which with an increased expenditure over the same departments in 1914, and with a lessened revenue,

makes us face a total expenditure over 1914 of a considerable amount. Of course, to offset this we have the revenue from an increased assessment, but even with this to help out conditions, we have to face at the outset, if we wish to keep the tax rate the same, an extra expenditure over last year of approximately 2 mills. It shall, however, be my endeavor to keep the tax rate the same, if at all possible, and this will entail on every Chairman the necessity of cutting his appropriation down to the very lowest possible point. It will mean that we cannot accomplish much from a civic improvement point of view, but if we can maintain the same tax rate, and if not entirely, at least in part, reduce the present overdraft, I think we can lay claim to having accomplished much.

Regarding our financial position. We are at present dealing with problematical figures, and cannot state definitely our position until we have the budget before us. This I shall endeavor to have brought down at an earlier date than formerly, so that we can deal with the different problems as speedily as possible.

While speaking on the financial situation it leads one to reflect for a moment on our source of revenue, the most important of which is the assessment. Are we going the right way in our assessing of property, are we not leaving too much for one man to do? We expect our City Assessor to do his clerical work as well as his other duties, and while engaged in this clerical work are we not forcing him to neglect a more important part of his duties? I would suggest that the Finance Committee look well into the question of a tax commission, and see where we can improve matters. A high assessment and a low tax is better to all concerned, and it is a great help in bringing new industries to a city, as one of the first questions asked is, "What is your tax rate?"

I would also suggest that the question of dividing the city into zones be considered. In each zone a certain value could be made for assessment purposes. Thereby, location would determine the value, and we could obtain a better revenue from land values, and tax imprevements less. It is improvements we wish to encourage and not land speculation.

Another source of revenue, which I think should be adjusted, is the portion paid us by the Utilities Commission towards office rent, and the use of civic employees. True, to the casual observer, this should make no apparent difference, but, if they are not paying their true proportion of these expenses, the actual cost of running this civic department is not obtained, and another branch of administration is paying more than its proper share.

With your permission I will not make a few suggestions touching the administration of civic affairs under their respective heads:

Board of Works:—As mentioned in my nomination speech, one of the most impostant undertakings of the department this year, is the improvement of our city streets. Though I am strongly in favor of permanent pavements, yet under present circumstances, I cannot see that we can undertake anything in this line this year, but I would suggest that this Committee secure all available data on the different classes of permanent pavements and roadways in general. These can be on file in the Engineer's office and a handy reference for future undertakings.

A type of pavement which is meeting with much favor in Western Ontario, as well as in the United States,, is concrete. It is not only economical, but answers all requirements as well.

I would also recommend the narrowing of the roadways by the widening of the boulevards in the residential sections. This will reduce the initial cost as well as upkeep, and when road building is absolutely necessary this year, that the scarcifier be used more than in the past, and good water-bound macadam roads be built. This can be accomplished by the use of an asphaltic oil, and I understand in the western part of the Province this treatment is being done at a cost of about 5½ cents per running foot for a 28-foot street. This is not done as a local improvement, but takes the place of street watering, and considering the many advantages, which it possesses, is far preferable even at a small increased cost.

In reference to the upkeep of the streets, I would suggest that the city be laid out in sections, and one man be given charge of each section. In this way repairs are made at once, and a better and more equitable distribution of repairs made.

An important part of the administration of this Board, at this particular season, is the snow removal, and while I would like to see some plan of the city undertaking this measure by means of ploughs, yet in view of the scarcity of work this year, I think it advisable that we should continue as at present, by hand labor; but the enforcement of the present By-law should be carried out. As it is, some streets, and certain sections of our business district are a disgrace. When the time expires, as set out in the By-law for snow removal, would could be provided for the unemployed by having them undertake it, under proper supervision, and a charge of same be made against those directly responsible for the non-fulfilment of the By-law.

I would also suggest that all future extensions of telephone or other wiring be done underground. We might as well begin now to build for the city beautiful, as carry out our extensions in the obsolete way we have been doing in the past.

Heretofore this Board has met in the afternoons, and as an ex-member, I can see the disadvantage which this entails. The mem-

bers are called for four o'clock, and by the time the minutes are read and confirmed, and other routine business transacted, it is five o'clock or after before any new business is undertaken. With the approach of six o'clock there is a tendency to hurry matters, and to overcome this, and lead to better results from this Committee, I would suggest that they hold their meetings in the evening, when the business demands of its members are not so imperative, and thereby enabling its members to give more time and thought to this important Committee. If this scheme were carried out it would enable Finance to hold their meetings earlier in the week, and also enable the Clerk to get out his copies of committee meetings earlier. They could then be posted or delivered to each member of Council on the Friday immediately preceding Council, and thus enable each Alderman to get a firm grasp of affairs. As it is to-day, the time is too short to grasp the full details, as an alderman has only a few minutes before Council to get in touch with the workings of committees of which he is not a member, and their recommendations to Council. This is most important, and is a measure which I suggested this past year, and which I trust will be carried into effect.

There has also been considerable discussion in reference to the re-organization of the Works Department. This question, I trust, will be well looked into, and a report made whereby conditions can be improved, and we get a more effective service.

There is also a question of the numbering of the properties on certain streets where the present numbering is confusing. This, I think, can be undertaken with very little cost, and at the same time I would suggest that the re-naming of certain streets be reconsidered.

Municipal Depot for Modified Milk for Infants:—In order to reduce the infantile death rate, I would suggest that some scheme be devised whereby modified milk for infants can be dispensed at cost. The Board of Health, in conjunction with the Victorian Order of Nurses, being in close touch with matters of this nature, could suggest some line of action. This is an important matter, and has a bearing which does not appear, to the casual observer, on the surface. Aside from the humanitarian point of view there is the consideration of raising a stronger and healthier element in our city, which is along modern lines, and is a good investment from a civic standpoint. It lessens the danger of having weakly infants a charge on the city at a later period, and above all it gives an infant a chance in the world, who, owing to conditions over which he has no control, is not getting his due, and it is our duty as members of Council to see that each child gets his due and is not handicapped in this way through circumstances or conditions of birth.

Historical Landmarks:—We, as a city, are too prone to leave the marking of our historical sites to others. We owe a great deal to our local Historical Society, but we should, in conjunction with them, take a greater interest in erecting suitable tablets around our city. One of our endeavors should be to cater to the tourist, besides looking from an historical and educational standpoint. The trend of travel this coming year will be through Canada, as owing to the conditions in Europe and older parts of the world these avenues of recreation are practically closed, and we should endeavor to secure our share.

I might say further, in reference to historical landmarks, that each succeeding year we see some old familiar place of interest disappear, and before it is too late let us endeavor to secure what still remains, and perpetuate them in some fitting manner.

Writings of Reports in Committees:—This is a most important consideration, and I would suggest that all resolutions in committees be written by the Mover, the same as in Council. This will prevent many complications, and lessen difficulties, and there will be a written record in a member's own handwriting of his particular resolution.

Police Patrol:—This is something which the city should have been provided with years ago, but in view of conditions, I fear nothing can be done this year. But that is no reason for those, who have offended in minor ways against the law, being subjected to the indignities which have existed in the past. If we cannot have a patrol this year, we can at least see that our offenders are not paraded through the streets, not only to their shame but ours as well.

Civic Officials:—It is advisable that the heads of the different civic departments should be on hand during the meetings of Council. I would personally prefer that they should, yet, I think, if this cannot be adopted, they should advise the City Clerk where they might be found in case their presence is necessary.

Fire and Light:—In a former part of my inaugural I have already made mention of this department in reference to its connection with the Civic Utilities, and can only repeat here what I stated at my nomination. Well lighted streets are one of the best assets a city can have, and no tax payer, no matter how small, should suffer in this respect owing to the location of his home. He is entitled to the same consideration as his more fortunate fellow-citizen, and, besides, well lighted thoroughfares are the best deterrent to crime.

City Property:—There is the old question of the fair grounds to be considered. As they are, they are a disgrace to the city and simply a white elephant on our hands. My views on this subject are well known, and I am strongly in favor of their disposal. They

occupy a portion of the city which should be residential, and the city has been losing for years a revenue, which if it had to-day, would help solve the tax question to a very marked degree. In view of the dilapidated condition of the buildings, grand stands, and general appearance of the place, I do not consider it advisable or good business to repair them. Should repairs be thought advisable, there would be the safety of the track to be considered, and the only way this could be insured, would be by its complete fencing. In the condition in which they exist to-day, and have for some years past, it is a wonder we have not had more serious accidents. How we have escaped fatalities is more than I can understand, but if we continue as we have in the past, we will be awakened some day to the responsibilities we have shirked, and have to face a tragedy which we would be glad to have effaced for any sum, but it will be too late and vain regrets will not bring back to us those whom we have lost through sheer neglect and shirking of the duties which have been placed upon us, and have been accepted by us. I feel the necessity of something being done, very keenly, as I have witnessed so many narrow escapes from fatalities, that I am adverse to the holding of any celebrations under present conditions.

I am strongly in favor of a Fair along certain lines, and the only feasible way I can at present see is the disposal of the present grounds, and the procuring of another site. With the surplus we would secure from their sale, we would be enabled to wreck the present buildings, transfer them to the new site, and rebuild them, modifying them to what we might need, without any cost to the city. Should we endeavor to fix over our present buildings on the present grounds, we do not overcome the disadvantages which the present grounds present, and simply add an additional expenditure on capital account, and lose for time to come the opportunity of securing a revenue from their source. It would be simply throwing away good money. I suggested something along this line at the Board of Works this past year, but it was thought that the breakwater scheme was preferable.

If a public work has to be considered this year, to provide employment, I would strongly advise the disposal of our present grounds along the lines I suggest, and what money is expended we will get back, if not at once, later on, not to mention the fact that at the same time we will be securing an increased revenue for the city, which at the present, and for some time to come, is most important. We are in the position to-day of having to seek revenues, not expenditures. The latter, unfortunately, are too much in evidence already.

Industries:—This Committee should be an active and progressive one this year. Their possibilities are many, and I feel assured,

with the co-operation of the Board of Trade, and other kindred organizations, that the combined committees of the City Council and Board of Trade will accomplish much. The present unfortunate war will alter trade channels to a very marked degree, and while we all hope for an early termination of hostilities, yet we recognize that Peace will not come until we accomplish what we have set out to do. However, this Committee can get in touch with these trade channels, and ascertain the possibilities which they might present to us, and although we might not immediately secure any direct benefits, yet we will be in a position to act quickly when the opportunity presents itself.

Board of Education:—This department of civic administration will also have to work along economic lines. No new departments should be undertaken until conditions become normal again, and would warrant their consideration. From conversations I have had with different members of this body, I feel they recognize the necessity of this policy as well as we do.

Civic Improvements:—Under this heading I would suggest that we always keep in mind, that what we undertake should be along the line of beautifying our city and conforming with modern civic improvements. The adoption of a building line should be established, and in the opening of new sections, that the resolutions which I introduced in Council last February, be carried out. These resolutions are briefly as follows:—That in the opening of new sections, provisions be made for a lane-way up the centre of each block, and in this lane all drains, mains, telephone and other wires, etc., be installed. This will prevent the disturbing of any street surfaces in case of renewals to mains or repairs, to enable the streets to remain as originally laid, until they have to be replaced when worn out.

Another resolutions referred to the installation of all utilities at the same time, and which I take up more fully in the former part of my address. The reason why I again refer to this, is that I fully recognize its importance from an economic as well as the only equitable way in which these utilities should be installed.

The third resolution to which I refer, was in reference to the extension of the city boundaries, with the possible view of securing from the Federal Government, through our local member, that part of the waterfront immediately opposite the North Eastern section of our city, and known as Barriefield common. This will prove a great asset to the city when our present causeway is completed, and it will help very materially towards giving the city the necessary dockage, which we at present greatly lack, and which we will need later on, when the deepening of the Welland canal is completed.

The question of a public wharf immediately in front of our city buildings must not be lost sight of, but with present conditions we

cannot finance the matter very well this year, but it is well to keep this proposition in mind.

The King street breakwater will have to be seen to, and if the water is, or will, undermine and destroy the roadway, either a temporary or permanent breakwater will have to be built.

Smoke Consumers:—This is something which should be looked into. From what I have seen, the city is the worst offender. It is not fair to our merchants that their goods and properties should be destroyed through carelessness on our part, and how can we expect to enforce others to discontinue a nuisance, unless we set the example ourselves.

Garbage:—This is a vexed question and steps should be taken to relieve conditions, and provide for its proper collection and disposal. I have looked well into the question, and think a scheme can be inaugurated whereby an incinerating plant could be built at a very low cost, which would take care of a population of 50,000. Not only garbage can be taken care of, but all house refuse, such as ashes, etc. A revenue can be derived from the sale of waste papers and other products collected, and this can apply on the cost of maintenance of such a plant. From what I am told, a scheme along this line will not only be cheaper than our present system, but more effective and sanitary, with the possibility that it will be self-sustaining, if not a revenue bringer.

I am afraid I have taken already a great deal of your time, and made my inaugural a lengthy one, but this is an exceptional year, and we are facing exceptional financial and general unsettled condition of affairs, and this is my reason for going so minutely into all the propositions which face us as a Council. I feel you will overlook my trespassing on your time.

In drawing to a close, allow me to express the hope that when we come to the end of our civic year, we can look back and see the same loyal devotion to civic duties which was characteristic of our best city councils, even if possible in a greater degree, and that each one of us will be able to say conscientiously that we have given the best that was in us, played the part, and carried out to the best of our ability the duties which were assigned to us, and further that we will be able to look back upon having accomplished, in the face of must unusual conditions, something from which the city has benefited by our presence around the civic horseshoe.

In conclusion I trust, and I know I am only echoing your thoughts as well, that before another year dawns upon us, the present dark clouds which now overhang all the world, will have cleared away, and that a larger measure of peace, prosperity and fraternity shall exist among all people.

Gentlemen of the City Council:—

I desire this evening to bring to your attention the matter of observance of the Rules of Order of this Corporation, made by By-law. Let me briefly refer to it under the following headings which I have selected: First, Communications and Petitions; second, Debote, and third, Finance.

The means of access to this Council from any source is by communication or petition, and as the basis of municipal govern-

ment puts the onus of collecting all information and securing all details in order to make a creditable and wise report from the committees, you will find that Rule 41 reads as follows:—Every communication and petition affecting the business of this Corporation shall be presented to the Council and read, before the subject matter of such communication or petition is dealt with by any Committee of this Council, but this shall not apply to tenders for work or materials received by any committee under the authority of the Council." This accounts for the presentation of the communication to the Council, and Rule 29, reading as follows: "All petitions or other written communications on any subject within the cognizance of any standing Committee, shall, on presentation, be referred by the Mayor, or presiding Alderman, to the proper Committee without any motion, unless the Council otherwise decides," makes it clear that all work is to be done by Committees, the last clause being a safety valve in case where there is some great urgency, when a favorable vote of Council is needed.

DEBATE: This is a very important part of the proceedings of Council, and should be made one of the most pleasant if those taking part would familiarize themselves with Rule 23, which says that no member shall speak more than once, (and then not longer than ten minutes unless permitted by the Council) to the same question except the mover, who will have the right of replying, when all members choosing to speak, have spoken, unless a member wishes to explain a material part of his speech, which may have been misconceived or misunderstood, but then he is not to introduce any new matter.

FINANCE: Aldermen will agree with me that this is the most important of all, as all other parts of our Council work entails expenditures and thus leads us to the Finance Committee. It is imperative that we should observe Rule 40 as follows: "No motion for the expenditure of money shall be in order before the Council until the Finance Committee reports that there are funds on hand for the purpose or arrangements made for the payment of the same," and instructions are laid down for the payment of all monies in Rule 39 as follows: "No payments shall be made by the Treasurer (except salaries) on account of the City, unless first passed upon and reported by the Finance Committee to the Council, and sanctioned by the Council.

I hope that this year there will be an absence from the reports of Finance Committee of such phrases as the following:—"That the following unauthorized accounts be paid, not provided for in the Budget"; "That the following authorized accounts be paid, not provided for in the Budget."

You will remember that last year Council was being constantly written to by the Auditor and severely criticized by the citizens and press for this kind of irregularity.

My desire is that we shall become familiar with all the Rules and Laws laid down for our guidance, and I ask your co-operation in conducting the meetings of Council and affairs of the city by respecting each other's opinions, avoiding personalities, and when our year is ended it may be said of us that the year 1915 had a Council which conducted the business of this city in an up-to-date business manner.

Yours truly,
R. D. SUTHERLAND,
Mayor.

REPORTS.

Finance and Accounts.

Ald Kent presented report No. 2 from the Committee on Finance and Accounts as follows:—

Committee Room, Kingston, Jan. 15th, 1915.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:

1. That the following accounts be paid:—

1. That the claim of $500 for damages to Mrs. Robert Ferguson, 99 Chatham St., by falling on the sidewalk opposite her house, be settled on the advice of the City Solicitor for the sum of $225.00.

2. That in future in all cases of injury where claims for damages are likely to be made, the City Engineer shall make an examination immediately, obtain all evidence in detail and make a written report to the City Solicitor for his information.

3. That whereas the Local Board of Health have reported and recommended that a sewer in Cataraqui street be extended, that the City Council construct said sewer, being an extension of the present sewer in Cataraqui street, of about 50 feet into the harbor with an iron pipe about 18 inches in diameter.

4. That whereas the Local Board of Health has reported that the appoinmtent of a Police Constable as Sanitary Inspector for the summer months was very satisfactory, and gave good results, this Board recommends that an application be made to the Police Commissioners to obtain the services of the same policeman to do Sanitary Inspector's duty for the same length of time, under the same conditions as last year.

5. That in reply to the communication from the Board of Health re the present garbage contract, that this Board is of opinion that a better service could be obtained under the present contract if a more rigid inspection was made, and recommend that the Medical Health Officer request the Inspector of Garbage to investigate all complaints earlier and more thoroughly, and to see that the Contractors are more diligent in carrying out the terms of the contract.

6. That whereas it is absolutely necessary to make immediate repairs to the breakwater in King street, that the Chairman and City Engineer be authorized to make such repairs as they think necessary at the present time, and that Finance Committee be asked to provide the sum of $1,000 for this purpose, and that a copy of this resolution be sent to Finance Committee for Friday night; that all old timbers which cannot be of use in making repairs to the breakwater be handed over to Ensign Smith for distribution to the needy poor.

7. That the Chairman be authorized to make purchases of supplies up to but not exceeding $100.00.

Respectfully submitted,

REPORTS.

Ald. Kent presented report No. 3 from the Committee on Finance and Acounts, as follows:—

Committee Room, Kingston, Jan. 28, 1915.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:

1. That the chairmen of the different committees be requested not to order supplies or work done, but leave it to the head of what-

ever department he has charge of, the head of the department to issue the order after being advised by the Chairman where the goods shall be purchased, or who is to do the work. This request is made in order to facilitate in getting in all accounts whenever required, and especially before the end of the year.

2. That the communication from the Board of Trade re hydro-electric power for the City be forwarded to Public Utilities Commission.

3. That the City Clerk be authorized to call for tenders for printing, stationery, blank books, etc.

4. That whereas the Bond Dealers' Section of the Toronto Board of Trade propose asking the Legislatures of the different provinces to embody in new legislation the clauses shown below, and the same having been referred to us for our opinion, that the Kingston City Council are in favor of the same and think that Clause 4 should read "that the general right to bonus industries should be elimniated entirely":—

(a) That power be given to trustees authorizing them to invest in debentures issued by municipalities in any of the Provinces of the Dominion. At present the Acts of the different Provinces prohibit trustees from investing trust funds in debentures issued by municipalities other than those situate in such Province. We feel that it would be to the advantage of both the trustees and the municipalities if there was uniform legislation throughout the Dominion making municipal debentures legal investment for trust funds irrespective of the Province in which the issuing municipality was situated.

(b) That there should be a limitation of the present statutory provision regarding debt limitation of municipalities. We feel that in many cases Municipalities are allowed too much latitude in the amount of debt they can incur, and we feel that this phase of municipal borrowing should be put on a sounder financial basis.

(c) We wish to have changes made in regard to the form in which municipal debentures may be issued. At present there are only two methods, one the straight term sinking fund bond, the other payments of equal annual instalments of principal and interest. We would like to have authority given to issue serial bonds, that is, dividing the debt by the number of years for which it is payable, making an equal amount of principal payable in each year, and we would also suggest that in the case of instalment debentures the amount of principal payable in each year should be made in the even amounts of $100 or $1,000 even though such course would result in somewhat of an inequality in the total amount of principal and interest payable each year.

(d) It has also been suggested that the general right to bonus industries should be either curtailed or eliminated entirely.

5. That the Mayor, Aldermen Hughes and Kent be appointed a Special Committee to co-operate with the Canadian Club in entertaining Mr. Thomas Adams, London, England, who will visit Kingston and address the Canadian Club.

6. That the Mayor be authorized to make a two-years' contract with the Bank of British North America for the city's account at six per cent.

MEMORANDUM OF AGREEMENT made in triplicate this second day of February, A.D. 1915.

BETWEEN:

THOMAS NICHOLSON, of the City of Kingston in the County of Frontenac, Butcher, and SMITH ELLIOTT, of the Township of Kingston, in said County, Yeoman,

of the FIRST PART.

and

THE CORPORATION OF THE CITY OF KINGSTON, hereinafter called the CORUORATION,

of the SECOND PART.

WITNESSETH:—

WHEREAS the said Thomas Nicholson and Smith Elliott entered into an agreement with the Corporation, dated the first day of March, 1911, for the collection and removal of the garbage of the said City of Kingston as therein provided.

AND WHEREAS it has become necessary to make a further agreement between the said Thomas Nicholson and Smith Elliott and the Corporation in regard to the collection and removal of said garbage.

NOW THIS AGREEMENT WITNESSETH that the said parties covenant, promise and agree each with the other of them respectively, and their respective heirs, executors, administrators, successors and assigns as follows:—

1. The said Smith Elliott shall continue to collect and remove the city garbage in the manner provided in said agreement of the first day of March, 1911, for the three months from the first day of February, 1915, to the first day of May, 1915, and for that purpose shall provide at least four vehicles, four horses, four men and four boys, and he shall supervise the collection and removal of said garbage.

2. In consideration of the faithful performance by the said Smith Elliott of this agreement the Corporation shall pay to the said Smith Elliott the sum of Ninety dollars per week during the said three months.

3. The Corporation shall not pay the said Smith Elliott and Thomas Nicholson from the first day of January, 1915, to the first day of May, 1915, the sum provided under the terms of the agreement of the First day of March, 1911; but the said sum of Ninety dollars per week shall be in lieu of the sum provided under said last mentioned agreement.

4. The bond of the United States Fidelity and Guaranty Company, dated the 23rd day of March, 1911, and now in force, guaranteeing the due and faithful performance of the terms of the agreement of the 1st day of March, 1911, shall, with the consent of the Company continue in force until the 1st day of May, 1915, or until this agreement is sooner terminated and shall guarantee the due and faithful performance of this agreement and the agreement of the 1st day of March, 1911; and the said Smith Elliott shall pay the renewal premium on said bond on the 1st day of March, 1915.

5. This agreement and the agreement of the 1st day of March, 1911, shall terminate on the 1st day of May, 1915, provided that the Corporation may at any time terminate this agreement by giving the said Smith Elliott and Thomas Nicholson two weeks' notice in writing, and that bond of Nicholson and Elliott held by the Corporation of the City of Kingston be forthwith returned to them.

6. The Corporation hereby releases the said Thomas Nicholson from the performance of any of the terms and conditions of the said agreement of the 1st day of March, 1911, except those relating to the bond providing for the proper performance of said agreement.

7. The said Thomas Nicholson shall be and remain bound under the terms of said bond until the first day of May, 1915, or until said bond is sooner cancelled by the said Corporation.

8. If the Guaranty Company shall cancel said bond prior to the first day of May, 1915, then the said Thomas Nicholson and Smith Elliott shall furnish the Corporation a bond in lieu thereof in conformity with the provisions of paragraph four of the said agreement of March 1st, 1911.

9. This agreement shall be read and construed as forming part of the agreement of the first day of March, 1911, in so far as it is not inconsistent with said agreement of the first day of March, 1911.

IN WITNESS WHEREOF the said parties have executed this agreement, the said Thomas Nicholson and Smith Elliott by setting hereto their hands and affixing their seals respectively and

the Corporation by setting hereto the hand of its Mayor and affixing its corporate seal.

C. J. GRAHAM,
R. E. KENT,
J. M. HUGHES,
J. W. LITTON,
N. E. O'CONNOR,

Moved by Ald. Kent, seconded by Ald. Hughes (2) that the report of the Committee on Finance and Accounts be received and read clause by clause.—Carried.

Moved in amendment by Ald. Litton, seconded by Ald. Nickle (3) that clause one of the report on Finance and Accounts be amended and that the following be added:—Cigarettes, cigars and tobacco or cigarettes only be licensed at $25.00 per annum, and that cigars and tobacco or cigars only be licensed at $5.00 per annum and that meat licenses be $2.00 per annum.—Carried.

Moved by Ald. Kent, seconded by Ald. Hughes that the report of the Committee on Finance and Accounts be adopted as amended.—Carried.

Ald. Graham presente dreport No. 16 from the Board of Works as follows:—

Board of Works.

Committee Room, Kingston, Feb. 23rd, 1915.

To the Mayor and Council of the City of Kingston.

Gentlemen,—The Board of Works begs leave to report and recommend as follows:—

1. That whereas the Public Utilities Commission has adopted a report of their General Manager that all excavations in the City streets be made by the Board of Works with the exception of services, repairs or renewals, that this Board also adopt the same report and recommend that in future all excavations in city streets be made by the Board of Works under the supervision of the City Engineer, this not to apply to services, repairs or renewals.

2. That R. J. McClelland be engaged as Engineer for one year at a salary of $1,500. He shall have full control of the office staff, and be responsible for their work.

3. That A. Pettigrew be engaged as Clerk at a salary of $600 per annum. His duties shall consist of keeping the books, all records, making reports and such other work as may be assigned to him by the Engineer.

4. That a lady be engaged as stenographer and assistant at a salary of $300 per annum.

Under the above arrangements the Engineer will be required to look after the work which an Engineer is supposed to do, viz., the taking of levels, drawing plans, specifications, etc. At present we find that a great portion of his time is, by his own choice, given to clerical work in the office, which can be done as efficiently by a cheaper man. The success of an office depends on the executive head and we therefore look to the Engineer to devise a better system of office management, and of handling transactions, than is at present in vogue. The receiving and checking of supplies has been lax, and we look for an improvement in this. He should have a stock book showing the stock of machinery, tools, picks, shovels, etc., on hand and thus be able at a moment to account for same.

We suggest that a separate compartment be partitioned off from the present quarters making a private office for the Engineer.

After due consideration, we believe, that it would be to the benefit of the citizens of Kingston should the above recommendations be carried out.

Respectfully submitted,

(Signed) C. J. GRAHAM, Chairman,
D. COUPER,
GEO. H. GILLESPIE,
HUGH C. NICKLE,
N. E. O'CONNOR,
WM. P. PETERS,
ALEX. RICHARDSON,

Moved by Ald. Graham, seconded by Ald. Richardson (4) that the report of the Board of Works be taken up clause by clause.—Carried.

Moved by Ald. Wright, seconded by Ald. Peters (5) that clauses 3 and 4 be taken together in report of the Board of Works.—Carried.

Moved in amendment by Ald. Hughes, seconded by Ald. Gardiner (6) that clause four be struck out and clause 3 be amended to read that Archibald Pettigrew be engaged as clerk in the Engineer's Office at $800 per year.

Moved in amendment to the amendment by Ald. Wright, seconded by Ald. White (7) that Miss M. Ball be allowed $50.00 per year to do the work as stenographer for the City Engineer.

Moved in amendment to the amendment to the amendment by Ald. Hughes, seconded by Ald. Gardiner (8) that clause 3 be amended to read that A. Pettigrew be engaged as Clerk in the Engineer's office at a salary of $800 per annum.

The amendments 6 and 7 were wtihdrawn, and amendment No. 8 was carried on the following division:—

Yeas—Mayor Sutherland, Ald. Couper, Gardiner, Gillespie, Hughes, Kent, Litton, Newman, Peters, Wright.—(10).

Nays—Ald. Clugston, Graham, Nickle, O'Connor, Richardson, White, Wormwith.—(7).

Clause 4 of the report was carried on the following division:

Yeas—Mayor Sutherland, Ald. Couper, Gardiner, Gillespie, Hughes, Kent, Litton, Peters, Wormwith.—(9).

Nays—Ald. Clugston, Graham, Newman, Nickle, O'Connor, Richardson, Wright, White.—(8).

The report was then adopted as amended.

Fire and Light.

Ald. O'Connor presented report No. 17 from the Committee on Fire and Light as follows:—

To the Mayor and Council of the City of Kingston.

Gentlemen,—The Committee on Fire and Light begs leave to report and recommend as follows:—

That the services of two of the firemen, who are acting as substitutes for firemen who are absent with the Canadian Expeditionary Forces, be dispensed with, to take effect on March 16th, 1915.

Respectfully submitted,

(Signed) N. E. O'CONNOR,
J. W. LITTON,
WM. R. CLUGSTON,
J. M. HUGHES,
H. W. NEWMAN,

Moved by Ald. O'Connor, seconded by Ald. Newman (9) that the report of the Fire and Light Committee be received and adopted.—Carried.

W. W. SANDS, City Clerk. R. D. SUTHERLAND, Mayor [L.S.]

Ald. Kent presented By-law No. 11, 1915. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Nickle in the chair and was signed and sealed as follows:—

BY-LAW NO. 11, 1915.

A By-law to raise by way of loan the sum of $29,453.47 by the issue of debentures to meet the cost of construction of sidewalks and sewers on those portions of the streets of the City of Kingston mentioned in the Schedule annexed to this By-law.

Passed March 1st, 1915.

WHEREAS in the opinion of two-thirds of all the members of the Council of the Corporation of the City of Kingston it was desirable in the public interest to construct and lay down concrete sidewalks as local improvements on the several portions of streets mentioned and described in column one of part 1, of the Schedule hereto annexed, and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the Municipality forty per cent. of that portion of the cost of the construction of the said sidewalks falling on the property benefited in addition to the part of such cost to be provided by the Municipality and to add said forty per cent. to the said part of the cost of construction of the said sidewalks to be provided by the Municipality and to issue debentures for the amount thus obtained.

AND WHEREAS the said Council upon the recommendation of the Local Board of Health did affirm by a vote of two-thirds of all the members of Council in regular meeting thereof, that it was desirable and necessary in the public interest to construct each of the sewers mentioned and described in column one of Part 2, of the Schedule hereto annexed for the purpose of draining a particular locality for sanitary drainage purposes as local improvements.

AND WHEREAS the said several sidewalks and sewers were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said respective works have been fully completed and a special assessment roll has been prepared by the City Engineer pursuant to the By-law in that behalf showing the cost of the said several works respectively and making an assessment therefor upon the several lots abutting directly on the respective works and it has been certified that the period of twenty years is the probable life of each of the said several works.

AND WHEREAS the assessed value of the whole real property rateable in respect of said several improvements as ascertained and finally determined is the amount mentioned in the eighth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said Schedule respectively and the Corporation's portion of such cost is as mentioned in the third column of the said Schedule respectively and the portion of such cost chargeable against the several lots abutting directly on the respective walks is as mentioned in the fourth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each of such local improvement works is as set down in the fifth column of said Schedule and the cost per foot frontage chargeable against the lots chargeable in respect of each such work is as set down in the sixth column of such Schedule respectively opposite each such work as described in the first column of said Schedule and the annual rate per foot frontage to be levied in each year for the period of twenty years upon the several lots abutting directly upon and chargeable in respect of each such work is as set down in the seventh column of the said Schedule respectively opposite each such work as described in the first column of said Schedule and the said Schedule is in all those particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of $29,453.47 being the total cost of the said works, is the amount of the debt to be created by this By-law and for the purpose of repaying the said temporary advances it is expedient to raise the said sum of $29,453.47 by the issue of debentures of the said City of Kingston, the principal to be payable in twenty years from the first day of January, 1915, as hereinafter provided.

AND WHEREAS it will require the sum of $1,228.52 to be raised annually for a period of twenty years to pay the sum of $13,867.59 (being the Corporation's portion of the said cost of the said works) and interest at the rate of 5½ per cent. per annum payable half yearly; and it will require the sum of $1,380.00 to be

raised annually for a period of twenty years to pay the sum of $15,585.88 (being the property owners' portion of the said cost of the said works) and interest at the said rate payable half yearly.

AND WHEREAS the whole rateable property of the said City of Kingston according to the last revised assessment roll is the sum of $12,379,142 and the amount of the existing debenture debt of the said City exclusive of local improvement debts secured by special acts, rates or assessments, is the sum of $1,355,862.98.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate who may be willing to lend the same upon the credit of the Corporation by the issue of the debentures hereinafter mentioned the sum of $29,453.47 and to cause the same to be paid into the hands of the Treasurer for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $29,453.47 and the said debentures shall be sealed with the seal of the said Municipality and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $29,453.47 by way of loan as aforesaid for the purpose aforesaid.

3. The said debt shall be payable in twenty years from the first day of January, 1915, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall be dated within two years from the passing of this By-law and shall bear interest at the rate of 5½ per cent. per annum from the first day of January, 1915, which interest shall be payable half yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them which coupons shall be signed by the said Treasurer.

5. As to the said sum of $13,867.59 being the Corporation's portion of the cost of the said several works as described in column one of the Schedule hereto annexed there shall be raised annually during the currency of the debentures the sum of $762.72 for the interest thereon and the sum of $465.80 to form a

sinking fund for the payment of the said debt, the said sums making together the annual amount of $1,228.52 to be raised, levied and collected in each year during the said period of twenty years by an annual special rate sufficient therefor to be levied on the whole rateable property in the said Municipality.

6. As to the said sum of $15,585.88 being the owners' portion of the cost of the said several works as described in column one of the Schedule hereto annexed there shall be raised annually during the currency of the said debentures the sum of $857.22 for the payment of interest thereon and the sum of $523.58 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of $1,380.80 which shall be raised, levied and collected along with the other City rates and taxes in each year of the said period of twenty years upon the lots abutting directly upon the said several works described in column one of the Schedule hereto annexed (and which lots are more particularly set forth in the said roll or report) by a special frontage rate per foot mentioned in the seventh column of the said Schedule opposite each such work as described in the first column of the said Schedule and which special rate shall be sufficient in each year to produce the said sum of $1,380.80.

7. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of the proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this By-law shall take effect, after which the said debentures shall be issued and no commutation shall be permitted and the lands of persons commuting shall not be subject to the said special rate and the amount of the said debentures shall be reduced by the amount paid as commutation.

8. This By-law shall come in force and take effect on its passing.

(Signed),

W. W. SANDS,
City Clerk

Ald. Kent presented By-law No. 12, 1915. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. O'Connor in the chair and was signed and sealed as follows:—

BY-LAW NO. 12, 1915.

A By-law to raise by way of loan the sum of $56,790.80 by issue of debentures to meet the cost of construction of Asphaltic Concrete Pavements on those portions of the streets of the City of Kingston mentioned in the Schedule annexed to this By-law.

Passed March 1st, 1915.

WHEREAS in the opinion of two-thirds of all the members of the Council of the Corporation of the City of Kingston it was desirable in the public interest to construct and lay down Asphaltic Concrete Pavements as local improvements on the several portions of streets mentioned and described in the Schedule hereto annexed, and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the Municipality forty per cent. of that portion of the cost of the construction of said pavements falling on the property benefited in addition to the part of such cost to be provided by the Municipality and to add said forty per cent. to the said part of the cost of construction of the said pavements to be provided by the Municipality and to issue debentures for the amount thus obtained.

AND WHEREAS the said several pavements were duly constructed and temproary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said respective works have been fully completed and a special assessment roll has been fully prepared by the City Engineer pursuant to the By-law in that behalf showing the cost of the said several works respectively and making an assessment therefor upon the several lots abutting directly on the respective works and it has been certified that the period of ten years is the probable life of each of the said several works.

AND WHEREAS the assessed value of the whole real property rateable in respect of the said several improvements as ascertained and finally determined, is the amount mentioned in the eighth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said Schedule respectively and the Corporation's portion of such cost is as mentioned in the third column of the said Schedule respectively and the portion of such cost chargeable against the several lots abutting directly on the respective works is as mentioned in the fourth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each of such local improvement works is as set down in the fifth column of the said Schedule respectively opposite each such work as described in the first column of said Schedule and the cost per foot frontage chargeable against the lots chargeable in respect of each such work is as set down in the sixth column of such Schedule respectively opposite each such work as described in the first column of said Schedule and the annual rate per foot frontage to be levied in each year for the period of ten years upon the several lots abutting directly upon and chargeable in respect of each such work is as set down in the seventh column of the said Schedule respectively opposite each such work as described in the first column of the said Schedule, and the said Schedule is in all those particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of $56,790.80 being the total cost of the said works, is the amount of the debt to be created by this By-law and for the purpose of repaying the said temporary advances it is expedient to raise the sum of $56,790.80 by the issue of debentures of the said City of Kingston, the principal to be payable in ten years from the First day of January, 1915, as hereinafter provided.

AND WHEREAS it will require the sum of $4,215.80 to be raised annually for a period of ten years to pay the sum of $30,483.31 (being the Corporation's portion of the said cost of said works) and interest at the rate of 5½ per cent. per annum, payable half yearly; and it will require the sum of $3,638.20 to be raised annually for a period of ten years to pay the sum of $26,307.49 (being the property owners' portion of the said cost of the said works) and interest at the said rate, payable half yearly.

AND WHEREAS the whole rateable property of the said City of Kingston according to the last revised assessment roll is the sum of $12,379,142 and the amount of the existing deben-

ture debt of the said City exclusive of the local improvement debts secured by special acts, rates or assessments, is the sum of $1,355,862.98.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate who may be willing to lend the same upon the credit of the Corporation by the issue of the debentures hereinafter mentioned, the sum of $56,790.80 and to cause the same to be paid into the hands of the Treasurer for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $56,790.80 and the said debentures shall be sealed with the seal of the said Municipality and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $56,790.80 by way of loan as aforesaid for the purpose aforesaid.

3. The said debt shall be payable in ten years from the first day of January, 1915, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall be dated within two years from the passing of this By-law and shall bear interest at the rate of 5½ per cent. per annum from the First day of January, A.D., 1915, which interest shall be payable half yearly on the First day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston and the said debentures shall have interest coupons attached to them which coupons shall be signed by the said Treasurer.

5. As to the said sum of $30,483.31 being the Corporation's portion of the cost of the said several works as described in column one of the Schedule hereto annexed there shall be raised annually during the currency of the debentures, the sum of $1,676.58 for the payment of the interest thereon and the sum of $2,539.22 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of $4,215.80 to be raised, levied and collected in each year during the said period of ten years by an annual special rate sufficient therefore to be levied on the whole rateable property of the said Municipality.

6. As to the said sum of $26,307.49 being the owners' portion of the cost of the said several works as described in column one of the Schedule hereto annexed there shall be raised annually

during the currency of the said debentures the sum of $1,446.91 for the payment of interest thereon and the sum of $2,191.29 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of $3,638.20, which shall be raised, levied and collected along with the other City rates and taxes in each year of the said period of ten years upon the lots abutting directly upon the said several works described in column one of the Schedule hereto annexed (and which lots are more particularly set forth in the said roll or report) by a special frontage rate per foot mentioned in the seventh column of the said Schedule opposite each such work as described in the first column of the said Schedule and which special rate shall be sufficient in each year to produce the said sum of $3,638.20.

7. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this By-law shall take effect, after which the said debentures shall be issued and no commutation shall be permitted and the lands of persons commuting shall not be subject to the said special rate and the amount of the said debentures shall be reduced by the amount paid as commutation.

8. This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

R. D. SUTHERLAND,
Mayor [L.S.]

SCHEDULE.

ARTICLES OF AGREEMENT made and concluded this tenth day of March, 1915,

BETWEEN:—

THE CORPORATION OF THE CITY OF KINGSTON, hereinafter called the "CORPORATION"

of the FIRST PART

and

THE KINGSTON, PORTSMOUTH AND CATARAQUI ELECTRIC RAILWAY COMPANY, hereinafter called the "COMPANY"

of the SECOND PART.

WHEREAS the Corporation and the Company entered into an agreement dated the 22nd day of November, 1897, by which the Company were authorized and empowered among other things to construct, maintain and operate a single track, iron or steel railway along Ontario Street from a junction with the Company's track, at or near William Street south-westerly to Gore Street, thence westerly along Gore Street to the water's edge; and were also empowered and authorized to connect by a single track railway their railway track on Ontario Street at or near William Street with the track of the Grand Trunk Railway Company of Canada.

AND WHEREAS the Company did construct the said railway on Ontario Street southwest of William Street and on Gore Street and did operate the same for a considerable period of time but have not been running cars on said railway for the space of six successive months.

AND WHEREAS the Corporation is desirous of obtaining the construction of a steam railway on said part of Ontario Street, south-west of William Street and on Gore Street for the accommodation of certain industries requiring facilities for the carriage of freight.

NOW THIS AGREEMENT WITNESSETH that the parties hereto covenant, promise and agree each with the other of them as follows:—

1. That the said Company hereby abandon their claims, rights, and privileges, if any, under the said agreement of 22nd November, 1897, to maintain and operate said railway on Ontario Street south-west of William Street and on Gore Street or to connect their railway track on Ontario Street with the track of the Grand Trunk Railway Company of Canada.

2. The Corporation shall tear up the track laid by the Company now on said part of Ontario Street and Gore Street, if any, and the Company shall have the right, if they so desire, to then remove any or all of the ties, rails, and other material used in the construction of said track and to hold the same for their own use and benefit as the owners thereof and the Company shall thereafter be relieved from any and all obligations in connection with said track.

IN WITNESS WHEREOF the said parties have affixed their several corporate seals, and the Mayor of the Corporation and the President of the Company have hereto set their hands respectively the day and year first above written.

SIGNED, SEALED AND DELIVERED:
in the presence of

J. McL. STEPHEN, HENRY W. RICHARDSON,
For H. W. Richardson. President. [L.S.]

W. W. SANDS, R. D. SUTHERLAND,
City Clerk, for Mayor. Mayor [L.S.]

Ald. Litton presented By-law No. 15, 1915. The By-law was read a first time and the 31st rule being suspended by two-thirds vote, the Council went into the Committee of the whole on the second reading. Clause 1 was defeated and a motion that the Committee do now rise and report progress was carried.

BY-LAW NO. 15, 1915.

A By-law to amend By-law No. 12 of the Revised By-laws of the Corporation of the City of Kingston, being "A By-law to license and regulate certain trades."

Passed 1915.

BE IT ENACTED by the Council of the Corporation of the City of Kingston, as follows:—

1. Said By-law is amended by adding thereto after section 56 the following:—Tobacco, Cigar and Cigarette Stores.

56a. No person, other than a person keeping a tavern or shop licensed under the Liquor License Act, shall sell or offer for sale, by retail, in the City of Kingston, Tobacco, Cigars or Cigarettes without first having obtained a license to do so.

56b. The annual fee for a license to sell Tobacco, Cigars and Cigarettes or to sell Tobacco and Cigarettes or to sell Cigars and Cigarettes or to sell Cigarettes only, shall be $25.00; for a license to sell Cigars and Tobacco or Cigars only or Tobacco only the annual fee shall be $5.00.

2. Section 6 of said By-law is amended by adding after the word "keep" in the first line thereof the words "a store or shop (other than a store or shop licensed under the Liquor License Act") where Tobacco, Cigars or Cigarettes are sold by retail."

3. This By-law shall come in force and take effect on its passing.

Ald. Hughes presented By-law No. 16, 1915. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote Council went into the Committee of the whole on the second reading. Moved by Ald. Graham that the By-law be not read a second time, and that the Committee rise and report progress.—Carried.

BY-LAW NO. 16, 1915.

A By-law to ratify and confirm an agreement with the Kingston Shipbuilding Company, Limited; Forwarders Limited; Selby & Youlden, Limited, and William Joseph Hooper and Thomas Slater.

Passed March 15th, 1915.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. The agreement hereto annexed and forming the Schedule to this By-law is hereby ratified and confirmed.

2. This By-law shall come in force and take effect on its passing.

Schedule.

ARTICLES OF AGREEMENT made and concluded this 15th day of March, 1915.

BETWEEN:

The Corporation of the City of Kingston, hereinafter called the Corporation of the First Part.

and

Kingston Shipbuilding Company, Limited, Forwarders Limited; Selby & Youlden, Limited, and William Joseph Hooper, and Thomas Slater, doing business under the firm name of Hooper and Slater, all of the City of Kingston, Manufacturers, hereinafter called the Contractors, of the Second Part.

WHEREAS the Corporation and the Contractors entered into an agreement dated the ninth day of December, 1914, which agreement was validated by by-law of the Corporation passed the 4th day of January, 1915.

AND WHEREAS the said agreement purported to render the contractors in some respects subject to the rights and privileges, if any, of the Kingston, Portsmouth and Cataraqui Electric Railway Company under certain agreements therein referred to, and it has now been arranged that the Corporation will endeavor to procure a waiver and surrender of all such rights and privileges in so far as they effect the Contractors under the above agreement and that in consideration thereof the contractors shall enter into these presents.

NOW this agreement witnesseth that, in consideration of the Corporation procuring the waiver and surrender above mentioned and on condition that the same is so procured, the Contractors covenant, promise and agree with the Corporation as follows:—

1. If for a period of twelve successive months no freight cars carrying freight are run upon the railway siding to be constructed under the terms of the said agreement dated the 9th of December, 1914, then the said Corporation may on giving notice of its intention once a week for two months in the official Gazette for the Province of Ontario and in a local newspaper published in the City of Kingston (unless in the meantime the default made by the Company has been made good or the cause of complaint removed) by resolution of the Council thereof, declare that the said Company has forfeited all privileges and rights which it may have acquitted by this agreement and the agreement dated the ninth day of December, 1914, and may repeal the by-law connected therewith and the said privileges and rights shall be forfeited accordingly and this agreement and the agreement dated the ninth day of December, 1914, rescinded, and in such case and in all cases in which a forfeiture has been declared by the Council under the provisions of this agreement, the Corporation reserves the right, subject to the provisions of the Dominion Railway Act and the rules and regulations of the Board of Railway Commissioners to cause all obstructions and materials placed in said streets by said Contractors, under this agreement or any former agreement, to be removed therefrom, and the said streets to be put in as good condition and repair as they were before said materials and obstructions were placed thereon, and the expense thereof shall be paid to the said Corporation by said Contractors, and the said Corporation also in such case reserves the right, subject to the provisions of the Dominion Railway Act and the rules and regulations of the Board of Railway Commissioners to grant the same rights and privileges as have been granted to the Contractors to any person or persons, company or companies, free from all charges or liabilities for damages on account thereof.

IN WITNESS WHEREOF the said parties have exhausted this agreement by affixing thereto their several seals and the Mayor of the Corporation and the Contractors have hereto set their hands the day and year first above written.

Ald. O'Connor presented report No. 20 from the Committee on Finance and Accounts, submitting the Civic Budget, 1915, as follows:—

CIVIC BUDGET, 1915.

CLAUSE 1.

CIVIC BUDGET, 1915.

Committee Room, City Hall,
Kingston, March 12, 1915.

The Committee on Finance and Accounts, in submitting the estimates for the year 1915, beg to report as follows:—

The Bonded debt of the City to 31st December, 1914, is $1,607,916.41, made up as follows:—

Water Works		$ 179,700 00
Light Works		456,702 15
SCHOOLS,—		
Public	$ 126,843 14	
High	68,043 00	
		194,886 14
LOCAL IMPROVEMENTS,—		
Corporation's portion	$ 220,312 54	
Owners' portion	210,253 43	
		430,565 97
General Purposes		346,062 15
		$1,607,916 41

The amount of the Sinking Funds is $153,490.27, and of this amount $112,254.02 is invested in Municipal Debentures, and $41,236.25 is on special deposit in the Bank of British North America.

The amount of Taxes to be levied for the Sinking Fund this year is $23,619.62, the property owners specially benefited paying $10,920.32, and the City generally paying $12,699.30.

Your Committee have placed $10,000 in the Revenue, being Surplus earnings from old Sinking Fund Investments which have accumulated from year to year since 1887, in consequence of larger returns having been received from the investments of this fund than was originally anticipated. Owing to the large deficit from last year, and the heavy increase in the expenditures on account of debentures and interest, Board of Eudcation, War Account, etc., it would have been necessary to raise the rate of taxation had not this source of revenue been available.

Your Committee recommend that a rate of 16-62 mills for general purposes, and 8.38 for Educational purposes, making in all 25 mills on the dollar, be placed on this year's assessment.

BY-LAW NO. 17, 1915.

A By-law to levy a tax of 25 mills in the dollar upon the assessed value of the rateable property in the Municipality of the City of Kingston for the lawful purposes of the Municipality for the year 1915.

WHEREAS for the year 1915 there are required for the lawful purposes of the Municipality of the City of Kingston as hereinafter specified the following named sums of money, estimated and by and to the Council of the said Municipality, to be raised by the levy of the several rates hereinafter mentioned,

respectively amounting together to the rate of twenty-five mills in the dollar upon the assessed value of the rateable property in the said Municipality, and which in the revised and adopted assessment rolls and the supplementary roll for the year 1915 amounts to the sum of $12,414,742, current money of Canada (which rate of 25 mills on the dollar is, in respect of the rateable property in the said Municipality liable to be assessed for the Roman Catholic Separate School rate, inclusive of the rate hereinafter directed to be levied upon the rateable property liable thereto, and which said rate of 25 mills on the dollar also includes the rate for the sum required for the Public School purposes for the said year, to be levied on the property liable thereto as hereinafter provided).

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston.

1. The sum of $22,709.00 required to pay the annual interest and the payment of the principal on the debentures issued under the provisions of "The City of Kingston, Debt Arrangement Act 1887" shall be raised by the levy of a rate "The Debt Arrangement Loan Rate" of 1.83/100 in the dollar upon the whole assessed value of all the rateable property in said Municipality.

2. The sum of $22,332.62 required to pay the annual interest on and the annual payment on account of the loan and bonus debentures and not provided for under Section 1 of this By-law shall be raised by the levy of a rate of 1-80/100 mills in the dollar upon the whole assessed value of all the rateable property in the said Municipality.

3. The sum of $23,950.98 required for High School purposes as estimated to the said Council by the Board of Education, and to pay the annual interest on and the annual payment on account of High School Debentures of the said Municipality shall be levied by a rate of 1-93/100 mills in the dollar upon the whole of the assessed value of all the rateable property in the said Municipality as aforesaid.

4. The sum of $59,000.00 required for Public School purposes of the said Municipality as estimated to the said Council by the Board of Education of the said Municipality shall be raised by the levy of a rate of 5-53/100 mills in the dollar upon the assessed value of the rateable property in the said Municipality assessable and liable to be raised for a Public School rate, said assessed value being $10,667,057.

5. The sum of $9,813.19 required to pay the annual interest on and the annual payment on account of the Public School Debentures of the said Municipality, shall be raised by a levy of a

rate of 92/100 mills in the dollar upon the said assessed value of the rateable property in said Municipality assessable and liable to be rated for a Public School rate, said assessed value being $10,667,057 as aforesaid.

6. There shall also be levied on the rateable property in the said Municipality liable thereto, the assessed value of which amounts to $1,747,685, a rate of 6-45/100 mills in the dollar imposed on the said property by the Board of Trustees of the Roman Catholic Separate Schools of the said Municipality for the purposes of the said Separate Schools for the current year, and the said last mentioned rate shall be levied and collected by the collector appointed to collect the Municipal rates and taxes of the said Municipality at the time and as provided by law.

7. The sum of $26,264.85 required to pay the annual interest on and provide the annual sum required for the sinking fund for the debentures of the said Municipality, issued for the purpose of raising loans for the amount of the cost of the several local improvement works in the said Municipality to be borne and paid b ythe said Municipality at large, shall be raised by the levy of a rate of 2-11/100 mills in the dollar upon the whole of the said assessed value of all the rateable property in the said Municipality as aforesaid.

8. The sum of $135,072.39 required for the general purposes and expenditure of the said Municipality for the current year shall be raised by the levy of a rate of 10-88/100 mills in the dollar upon the whole of the said assessed value of all the rateable property in the said Municipality as aforesaid.

9. The said several rates of 1-83/100, 1-80/100, 1-93/100, 2-11/100, 10-88/100 mills in the dollar to be levied upon the whole of the assessed value of the rateable property in the said Municipality and the said several rates of 5-53/100 mills and 92/100 mills in the dollar to be levied upon the assessed value of all the property in the said Municipality assessable and liable to be rated for a Public School rate and the said rate of 6-45/100 mills in the dollar to be levied on the assessed value of all the property in said Municipality assessable and liable to be rated for the said Roman Catholic Separate School rate (together amounting to 25 mills in the dollar upon the assessed value of the property upon and in respect of which the said several rates are to be levied respectively) shall be levied and collected at one and the same time as provided by law by the collector appointed to collect the Municipal rates and taxes of the said Municipality.

10. The City Clerk shall prepare and deliver to the said Collector the Collector's Rolls of the said Municipality for the said year, and prepared according to law on or before the first day of May, 1915.

11. This By-law shall come in force and take effect on its passing.

BY-LAW NO. 18, 1915.

A By-law respecting Dogs.

Passed March 29th, 1915.

BE IT ENACTED BY THE COUNCIL OF THE CORPORATION OF THE CITY OF KINGSTON as follows:—

1. In this By-law the word "dog" shall include "bitch" unless the contrary intention appears.

2. The owner, possessor or harbourer of every dog in the City of Kingston, shall on or before the first day of May in each year cause the same to be registered in the office of the City Treasurer and obtain from him a license for which he shall pay

the sum of One Dollar for each dog or spayed bitch, if only one, and two dollars for each additional dog or spayed bitch, and three dollars for each unspayed bitch, if only one, and five dollars for each additional unspayed bitch.

3. The license issued by the City Treasurer shall contain the name, sex, breed, age and markings of all dogs so licensed by him, and if such have been registered in any recognized kennel club stud book, the registered number of the same shall be included in the record, a copy of which shall be kept by the Treasurer of the City of Kingston.

4. The City Treasurer shall on payment each year of the license fees herein stipulated issue to the owner, possessor or harbourer of any dog a license certificate and tag which shall at all times be considered proof that the dog for which the same has been issued has been duly registered in the books of the City Treasurer.

5. All dogs, excepting dogs known in kennel circles as "Toys" shall at all times when on the streets of the City of Kingston wear the tag issued by the City Treasurer in a manner so that it can be easily seen. All "Toy" dogs exempt from wearing tags shall at all times be in charge of a competent person who shall on demand produce a license certificate for the same when requested to do so by any authorized person or police officer.

5a. Any owner of a dog objecting to the tag prescribed by the Corporation is permitted at his or her own expense to have a plate attached to his or her dog's collar, showing name of owner, license number, and date of issue, said plate to be approved by the license issuer.

6. No dog shall be allowed to run at large in the City of Kingston. Nothing in this By-law shall prevent the owner of a licensed dog from allowing the same to have proper exercise in the immediate vicinity of the home of the owner; and running at large shall mean, being permitted to roam without control or direction over any part of the City of Kingston.

7. No person shall ill-treat or abuse any dog or encourage any dog to fight, and it shall be unlawful for the owner of any vehicle, wagon or machine to wilfully seek to injure or kill any dog and it shall be unlawful to give poison to any dog, or to place poison where a dog licensed under this By-law and kept within the requirements of the same can have access to poison.

8. On the owner of a dog in this municipality reporting to the City Treasurer that a dog for which the license fee has been duly paid, has been injured, killed or poisoned by any person or

persons, it shall be the duty of the City Treasurer to report same to the police, who shall investigate the facts in connection with the injury or death of any licensed dog.

9. No dog shall be allowed to run loose in any part of Narket Place No. 1, on market days, or during the hours appointed for such market to be kept open.

10. No dog in the habit of attacking pedestrians, horses or persons riding bicycles in any public place in the City of Kingston shall be allowed out without being muzzled or on leash in charge of some competent person.

11. The City Treasurer shall have power to issue a kennel license to any person keeping more than two dogs for breeding purposes, providing such dogs are of recognized breeds, pedigreed or registered, on presentation of a certificate of breeding or registration for which an annual fee of $10.00 shall be paid by the owner of such kennel, and a tag and license for each dog over six months old in said kennel shall be issued. Kennel tags shall be distinct in shape from ordinary tags issued by the Municipality for licensed dogs.

12. The proceeds of the tax on dogs shall be the property of the City of Kingston, and shall be subject to its disposition.

13. For the impounding of all dogs and bitches captured under the provisions of this By-law, a place to be called the Dog Pound shall be established by the Council and a keeper thereof appointed, to be called the Dog Pound-keeper whose duty shall be to impound all dogs brought to him found running at large contrary to this By-law, and to dispose of the same as hereinafter provided. He shall also keep a record of all dogs impounded and how disposed of, and make monthly return to the Treasurer showing the number impounded, how disposed of, and amount of money collected, as well from fnes as from proceeds of sales.

14. It shall be the duty of the Police Constables of said City to seize any dogs running at large contrary to the provisions of this By-law and to impound them; and the owner, possessor or harbourer of any dog so seized and impounded may redeem the same if done within five days from the time of capture on production of a tag and receipt from the City Treasurer for the amounts which would be payable in respect to such dog under clause 2 hereof and paying to the Treasurer for the use of the Corporation an additional sum of One Dollar for each dog so seized and impounded; and all dogs seized and impounded under the provisions of this By-law, if not redeemed by the time above mentioned, may be sold by the dog pound-keeper at the price of

$2.00 for each dog and $3.00 for each bitch or at such higher price as may be obtained therefor, and the price obtained for such sale shall be paid to the Treasurer for the use of the Corporation and a license and tag issued to the purchaser for the dog purchased, without additional fee; and all dogs seized and impounded and not so redeemed or sold after five days from the time of being seized shall be destroyed; PROVIDED that in the case of a dog which is tagged, the Treasurer shall notify in writing the owner, possessor or harbourer of such dog before it is destroyed or sold.

15. No license shall be required for any dog until it is six months old.

16. Every occupant of a house or premises in which any dog is kept or suffered to remain for the space of twenty days previous to the assessment of a tax in respect thereof, or previous to any complaint being made against such dog, shall be deemed the owner thereof for all the purposes of this By-law unless the dog was on the premises aforesaid for the purpose of service or for treatment by a veterinary surgeon.

16a. It shall be the duty of the occupant of any house or premises, in or about which any bitch is kept or allowed to remain, to tie up or confine such bitch during the whole period such bitch shall be in heat.

17. It shall be the duty of the Pound-keeper to feed and supply with water all dogs after they have been impounded over six hours.

18. The Dog Pound-keeper appointed by the Council shall be paid 50 per cent. of the amounts received by him for the sale of dogs and poundage fees.

19. Any person convicted of a breach of any of the provisions of this By-law, shall forfeit and pay, at the discretion of the convicting magistrate, a penalty not exceeding the sum of Ten Dollars (exclusive of costs) for each offence; and in default of payment of the said penalty and costs forthwith, the said penalty and costs, or costs only, may be levied by distress and sale of the goods and chattels of the offender; and in case of there being no distress found out of which such penalty can be levied, the convicting magistrate may commit the offender to the Common Gaol of the County of Frontenac, with or without hard labour, for any period not exceeding six calendar months, unless the said penalty and costs (if any) including the costs of said distress and of the committal and conveyance of the offender to the said gaol are sooner paid.

20. By-law No. 28 of the Revised By-laws of the City of Kingston, 1907, is hereby repealed.

This By-law shall come in force and take effect on its passing.

BY-LAW NO. 19, 1915.

A By-law to ratify and confirm an Agreement with the Kingston Shipbuilding Company, Limited; Forwarders Limited, and William Joseph Hooper and Thomas Slater.

Passed, April 12th, 1915.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. The agreement hereto annexed and forming the Schedule to this By-law is hereby ratified and confirmed.

2. This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, City Clerk. R. D. SUTHERLAND, Mayor [L.S.]

ARTICLES OF AGREEMENT made and concluded this 12th day of April, 1915.

BETWEEN:—

THE CORPORATION OF THE CITY OF KINGSTON, hereinafter called the "CORPORATION"

of the FIRST PART

and

KINGSTON SHIPBUILDING COMPANY, LIMITED; FORWARDERS LIMITED; SELBY & YOULDEN, LIMITED, and William Joseph Hooper and Thomas Slater, doing business under the firm name of HOOPER & SLATER, all of the City of Kingston, manufacturers, hereinafter called the "CONTRACTORS"

of the SECOND PART

WHEREAS the Corporation and the Contractors entered into an agreement dated the ninth day of December, 1914, which agreement was validated by By-law of the Corporation passed the 4th day of January, 1915.

AND WHEREAS the said agreement purported to render the Contractors in some respects subject to the rights and privileges, if any, of the Kingston, Portsmouth and Cataraqui Electric Railway Company under certain agreements therein referred to, and it has now been arranged that the Corporation will endeavor to procure a waiver and surrender of all such rights and privileges in so far as they affect the Contractors under the above agreement and that in consideration thereof the Contractors shall enter into these presents.

NOW THIS AGREEMENT WITNESSETH that in consideration of the Corporation procuring the waiver and surrender above mentioned and on condition that the same is so procured, the Contractors covenant, promise and agree with the Corporation as follows:—

1. If for a period of twelve successive months no freight cars carrying freight are run upon the railway siding to be constructed under the terms of the said agreement dated the 9th of December, 1914, then the said Corporation may by resolution of the Council thereof, declare that the said Contractors have forfeited all privileges and rights which they may have acquired by this agreement and the agreement dated the 9th of December, 1914, and may repeal the by-laws connected therewith and the said privileges and rights shall be forfeited accordingly and this agreement and the agreement dated the 9th of December, 1914, rescinded, and in such case and in all cases in which a forfeiture has been declared by the Council under the provisions of this agreement, the Corporation reserves the right, subject to the provisions of the Dominion Railway Act and the rules and regulations of the Board of Railway Commissioners to cause all obstructions and materials placed in said streets by said Contractors, under this agreement or any former agreement, to be removed therefrom, and the said streets to be put in as good condition and repair as they were before said materials and obstructions were placed thereon, and the expense thereof shall be paid to the said Corporation by said Contractors, and the said Corporation also in such case reserves the right, subject to the provisions of the Dominion Railway Act and the rules and regulations of the Board of Railway Commissioners to grant the same rights and privileges as have been granted to the Contractors to any person or persons, company or companies, free from all charges or liabilities for damages on account thereof.

IN WITNESS WHEREOF the said parties have executed this agreement by affixing thereto their several seals and the

Mayor of the Corporation and the Contractors have hereto set their hands the day and year first above written.

SIGNED, SEALED AND DELIVERED
in the presence of

Ald. Kent presented By-law No. 20, 1915. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Couper in the chair and was signed and sealed as follows:—

BY-LAW NO. 20, 1915.

A By-law to amend By-law No. 23 of the Revised By-laws of the Corporation of the City of Kingston, being a by-law respecting egress from Public Buildings.

Passed April 12th, 1915.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. Section 23 of By-law No. 23 of the Revised By-laws of the Corporation of the City of Kingston as enacted by By-law No. 15, 1913, is hereby repealed and the following substituted therefor:

23. Any building in which are held moving picture shows where vaudeville performances are introduced shall hereafter be located so as to have a street on one side of said building and a

street, lane or way, open and properly lighted, at least ten feet wide on another side of said building, and shall have exits as provided in said By-law No. 23 opening on both of said streets or on said street and on said lane or way; but this By-law shall not affect the buildings now used and occupied by moving picture shows.

2. This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, City Clerk. R. D. SUTHERLAND, Mayor [L.S.]

Ald. Couper presented By-law No. 21, 1915. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Graham in the chair and was signed and sealed as follows:—

BY-LAW NO. 21, 1915.

A By-law to authorize the construction of concrete walks in the streets and parts of streets in the City of Kingston set out in the schedule hereto annexed as Local Improvements under the provisions of the Local Improvement Act.

Passed April 12th, 1915.

WHEREAS it is expedient that the construction of the concrete walks on the streets and parts of streets set out in the schedule hereto annexed shall be undertaken as local improvements and notice of the intention of the Council to undertake such work has been duly published.

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council that it is desirable that the construction of each of the said concrete walks in the streets and parts of streets set out in the schedule hereto annexed should be undertaken as a Local Improvement Act.

(b) That, as above determined and declared, each of the said concrete walks be constructed as a Local Improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The Special Assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and be made payable within twenty years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

9. This By-law shall come in force and take effect on its passing.

(Signed),

W. W. SANDS, City Clerk

R. D. SUTHERLAND, Mayor [L.S.]

PROCLAMATION.

To the Citizens of Kingston:—

Realizing the advantages that will accrue to the healthfulness of the community in which we live, if, as spring makes its advent, the City and suburbs are thoroughly cleansed of all refuse, the City Council makes this appeal to every citizen to join the clean up endeavor.

The Week beginning May 10th has been

designated as "Clean up Week."

In the meantime occupants of all premises are urged to make their plans for a thorough clean up.

Not only "chase the dirts," but call in your painter and arrange to brighten up.

Screen the doors and windows of your home, especially those of the kitchen, dining room and pantry. Protect the milk.

Permit no flies in the sick room nor encourage them by not keeping your garbage can covered.

Provide a clean garbage can. Thoroughly cleanse the cans after emptying and sprinkle contents with crude oil, lime or coal oil.

Plant your back yard and boulevards with flowers and grasses and keep the weeds down.

The Kingston Clean-Up Campaign is endorsed by every city official, medical men, Board of Health and all organizations looking forward to the welfare and improvement of the city.

With every citizen co-operating the campaign cannot help but be a complete success.

Do your part and others will do theirs.

R. D. SUTHERLAND, Mayor.

Moved by Ald. Gardiner, seconded by Ald. Hughes (7), that this Council hereby extends to Dr. W. W. Sands, City Clerk, their heartfelt sympathy in the loss he has sustained by the death of his father, George Sands, and that the Acting Clerk forward a copy of this resolution to Dr. Sands.—Carried.

Moved by Ald. Richardson, seconded by Ald. White, that Council do now adjourn.—Carried.

Council adjourned at 10.45 p.m.

Mayor. Acting Clerk.

May 10th, 1915.

The regular meeting of the City Council was held this evening at 8 o'clock, His Worship Mayor Sutherland presiding.

Present:—Ald. Couper, Clugston, Fair, Gardiner, Graham, Hanley, Hughes, Kent, Litton, Newman, Nickle, O'Connor, Stroud, Wright, White, Wormwith.

To Adopt Minutes

Moved by Ald. Couper, seconded by Ald. Clugston (1) that the Minutes of last meeting be adopted as printed.—Carried.

BY-LAWS.

Ald. Graham presented By-law No. 24, 1915. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Gardiner in the chair and was signed and sealed as follows:—

BY-LAW NO. 24, 1915.

A By-law to authorize the construction of asphaltic macadam pavements in the street and parts of streets in the City of Kingston set out in the schedule hereto annexed as Local Improvements under the provisions of the Local Improvement Act.

Passed May 10th, 1915.

WHEREAS it is expedient that the construction of the asphaltic macadam pavements on the streets and parts of streets set out in the schedule hereto annexed shall be undertaken as local improvements and notice of the intention of the Council to undertake such work has been duly published.

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of Council, that it is desirable that the construction of each of the said asphaltic macadam pavements in the streets and parts of streets set out in the schedule hereto annexed should be undertaken as a Local Improvement under the provisions of the Local Improvement Act.

(b) That, as above determined and declared, each of the said asphaltic macadam pavements be constructed as a Local Improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The Special Assessment shall be paid by ten annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and be made payable within ten years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt the rate of interest on investment shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

9. This By-law shall come in force and take effect on its passing.

Board of Works.

Ald. Graham presented report No. 34 from the Board of Works as follows:—

Committee Room, Kingston, May 18th, 1915.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:

1. That in regard to the petition of W. E. McNeill and others re Alice, Stuart and Albert Sts. being used as a dump, that all dumping in this locality upon property owned by the City has been stopped, and that the Corporation has not the authority to remove the cause of complaint on the private property concerned.

2. That By-law No. 29 of the Consolidated Statutes be so amended as to give the City Engineer authority to issue permits for the erection of porticos in that portion of the City where houses were built on the street line and before the said By-law was passed, the City Engineer to be given discretionary authority to issue permits for the above when in his judgment it is advisable to do so and not detrimental to the City's interest.

3. That the communication of Peter Edwards re removal of trees be referred to the Chairman and City Engineer with power to act.

4. That Brock Street from Barrie to Alfred Street be reconstructed with water bound macadam roadway with concrete curb and gutter, width of street 28 feet, under the Local Improvement Act, and then treated with Tarvia B.

5. That Brock Street from Bagot St. to Barrie St. be repaired and treated with Tarvia B.

6. That the Chairman and City Engineer go to Ottawa and inspect the tarvia roads already completed and those under construction and report to this Committee.

7. That that part of Princess and King streets and Park Ave. which was treated with tarvia last year be treated with tarvia and that authority be given this Committee to purchase a sufficient amount of tarvia to do the work.

Board of Works.

Ald. Graham presented report No. 37 from the Board of Works as follows:—

Committee Room, Kingston, June 1st, 1915.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Board of Works begs leave to report and recommend as follows:—

1. That the account from the Township of Wolfe Island, amounting to $20.00 to pay for building approaches to the dock last winter, be paid.

2. That this Board has purchased by tender 350 feet of hose costing $308.00 from the Goodyear Tire and Rubber Co.

3. That the account of cleaning mud off Barriefield Road from the bridge to the foot of the hill, amounting to $28.52, be paid.

4. That whereas the Board of Health having received a favorable report from the City Engineer and Medical Health

Officer that a tile sewer is needed in King St. to drain the property of H. A. LeHeup, that this Committee recommends to Council the construction of said sewer from a point opposite LeHeup's house, thence easterly along King St. to connect with O'Kill St. sewer outlet on sanitary grounds under the provisions of the Local Improvement Act.

5. The following report by the Chairman and City Engineer regarding their visit to the City of Ottawa re tarvia construction work was submitted as follows:—

June 1st, 1915.

To the Members of the Board of Works.

Gentlemen,—As per resolution passed at the meeting of the Board held on May 18th, and adopted by Council, the Chairman and myself went to Ottawa Tuesday, May 25th, to inspect the Tarvia roads. We were met at the staiton by Mr. Bliss, representative of the Patterson Mfg. Co., the manufacturers of tarvia. We were shown several miles of roadways constructed by the Ottawa Improvement Commission which had been treated with Tarvia "B." These roads are in first class condition. They are in the Park system and are principally used by the autoist and are subjected to very little vehicular traffic. Roads that have received two or three treatments were smooth and looked like asphalt streets.

We were also shown some tarvia treated streets in the residential part, which were in good condition, with the exception of one, and the reason given for the defects were that traffic was allowed on this street after rolling was done and macadam was ravelled up before the tarvia was applied. Mr. Bliss claims that when this street is repaired and treated this year it will look the same as the other roads.

We were also shown some of the Park driveways that were treated with Tarvia "B" by the Ottawa Improvement Commission. A tank wagon is used for this purpose, the Tarvia being heated in the tank car on the railway siding by a steam boiler and brought on the work hot. We agree with the Superintendent of the Improvement Commission that this system is better than applying Tarvia cold. It penetrates into the road better and can be spread more economically.

He had a gang of about 35 men sweeping the roadway ahead of the gang of 10 men, including driver, applying the Tarvia. Another gang of men followed behind spreading sand on top of Tarvia.

The Superintendent, Mr. Stuart, states that the cost of applying the Tarvia decreases with each treatment, as the roadway will take less material each year. He also states that Tarvia as a dust layer has given him excellent results and is a preservative to well built macadam roads in the residential section, which are subjected to light traffic but does not recommend it for heavy travelled streets. For such streets he favors asphalt and speaks very highly of wood block for streets in the business section where there is heavy traffic.

The roads in the Park system are cleaned off once a week.

We would recommend that good macadam streets in the residential parts of the City with light traffic be treated with a dust layer of Tarvia or Asphaltic oils.

(Signed) C. J. GRAHAM,
Chairman Board of Works.

R. J. McCLELLAND, City Engineer.

6. That the tender of William Drury to supply 50 tons more or less of stove coal at $7.40 per ton and 10 tons more or less soft lump coal at $5.75 per ton be accepted.

7. That Finance Committee provide funds for oiling from Barriefield bridge to the Camp Ground on Barriefield.

Respectfully submitted,

(Signed) C. J. GRAHAM, Chairman,
D. COUPER,
HUGH C. NICKLE,
WM. P. PETERS,

Moved by Ald. Graham, seconded by Ald. Peters (5) that the report of the Board of Works be received and adopted.—Carried.

Ald. O'Connor presented By-law No. 37, 1915. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Couper in the chair and was signed and sealed as follows:—

BY-LAW No. 37, 1915.

A By-law to authorize the construction of a sewer in the street in the City of Kingston set out in the schedule hereto annexed as a Local Improvement under the provisions of the Local Improvement Act.

Passed July 5th., 1915.

WHEREAS it is expedient that the construction of the work set out in the schedule hereto annexed shall be under taken as a local improvement and notice of the intention of the Council to undertake such work has been duly published.

AND WHEREAS the Provincial Board of Health has approved of the construction of said sewer.

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of Council, that it is desirable that the construction of the said sewer on the street set out in the schedule hereto annexed should be undertaken as a Local Improvement under the provisions of the Local Improvement Act.

(b) That as above determined and declared the said sewer be constructed as a Local Improvement under the provisions of The Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications, and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and the Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at five per cent. per annum and be made payable within twenty years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon, by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

The Corporation hereby grants to the said Contractors permision to construct a railway siding, from the railway track of the Contractors at present constructed on William Street in the City of Kingston across William Street and across the water lot lying in front of the said William Street to the property of said Contractors lying to the south of the Southerly Boundary of William Street extended into the water, as per the plan hereto attached and marked Schedule "B."

2. The franchise hereby granted to the said Contractors shall continue for a period of one year from the passing of this By-law and no longer.

3. The Contractors shall complete the construction of the said siding within three months from the passing of this By-law.

4. The said Corporation may at any time after the expiration of said year mentioned in paragraph (2) hereof, on giving three months' notice to the Contractors, require said Contractors at their own cost and charge to remove said siding and restore said part of William Street and the water lot in front of it to the condition in which they were before said siding was constructed; and the Contractors on receiving said notice and within the said three months shall remove the rails, ties, trestle-work, spiles and other material used in the construction of said siding and shall restore said part of William Street and the water lot in front on which said siding was constructed to their former state, and the authorization hereby granted of and for the said siding shall cease and the said siding shall cease to be used; provided that if the Contractors fail to remove said siding and restore said street and water lot as above provided, then the Corporation may do so and may recover from the Contractors all the cost of said removal and restoration.

5. The Contractors shall extend the outlet of the William Street sewer beyond the trestle work constructed by them for the said siding and shall keep said outlet free from any obstruction that may result from the construction of said siding.

6. The said siding shall be used for the purpose of carrying freight for the contractors and shall not be used for general or public traffic.

7. The Contractors shall keep harmless and fully indemnify the Corporation its successors and assigns and its and their lands and tenements, goods, chattels and effects, of, from and against all loss, costs, charges, damages and expenses which the Corporation, its successors and assigns or any of them may bear, sustain, suffer, be at or be put unto for or by reason or on account of the permission granted by the Corporation to the Contractors to construct said siding or as a result of the construction, continuance and maintenance of said siding, or on account or by reason of any claim or demand made upon the Corporation in respect of injuries sustained by any person or damages done to any property that may be sustained or done by reason of the permission hereby granted or as a result of the construction, continuance and maintenance of said siding.

8. The Contractors shall forthwith after completing said siding restore the street surface of the said part of William Street disturbed by them in laying their said siding in a manner satisfactory to the City Engineer; and the Contractors shall also before commencing to lay down the said siding and branches deposit with the City Treasurer of the said City the sum of $500 (FIVE HUNDRED DOLLARS) as a guarantee that they will restore the street surface disturbed by them in laying their siding in a manner satisfactory to the City Engineer; and this sum of $500 may be applied by the City Engineer to the said purpose to his, the said Engineer's satisfaction, if the Contractors fail to do so, and if the Contractors duly comply with this condition, the said sum of $500 shall be returned to them.

9. The Contractors shall also keep said siding in repair, so long as they use the same in connection with their industry.

10. The Contractors shall pay to the Corporation a yearly rental of One Dollar, payable on the 20th day of July in each and every year, for the use of the said part of William Street and the part of the water lot in front on which said siding is constructed.

11. The Contractors shall concurrently with the execution of this agreement by the Corporation deliver to the Corporation a good and sufficent bond satisfactory to the Corporation in a form to be approved by the Solicitor of the Corporation in the penal sum of $5000 conditioned for the due observance, faithful performance and full completion by the Contractors of the things herein on their part contracted by them to be done, observed and performed.

12. THIS AGREEMENT and the several parts of the same shall be respectively binding upon the successors and assigns of the Contractors and upon the successors and assigns of the Corporation in all respects as if expressly named herein.

IN WITNESS WHEREOF the parties hereto have executed this Agreement by affixing thereto their several seals and the Mayor of the Corporation and the proper officers of the Contractors have hereto set their hands the day and year first above written.

BY-LAW NO. 42, 1915.

A By-law to provide for the collection, removal and disposal of ashes, garbage and other refuse.

Passed Sept. 15th, 1915.

The Council of the Corporation of the City of Kingston enacts as follows:—

1. The collection, removal and disposal of ashes, garbage and other refuse within the City of Kingston shall be under the control of a Garbage and Refuse Inspector who shall be appointed by the Council and who shall be under the control of and

responsible to the Garbage and Refuse Committee of the City Council. The said Inspector is hereby authorized and directed to see that all ashes, garbage and other refuse are properly collected, removed and disposed of, and to perform such other duties as are assigned to him by the Garbage and Refuse Committee of the City Council.

2. The Corporation shall provide such vehicles and equipment as may be necessary for the collection, removal and disposal of said ashes, garbage and other refuse, said vehicles and equipment to be of a sanitary type and to be approved of by the Medical Officer of Health.

3. The Inspector shall see that said vehicles call at all premises within the City as follows:—

At all hotels and restaurants, three times a week.

At all boarding houses, dwellings, twice a week.

At all stores, public buildings and institutions, once a week.

At any of the above mentioned places oftener if required by the Inspector.

4. The days and hours for removing the ashes, garbage and other refuse shall be fixed by the Inspector.

5. Every occupant of premises shall provide two galvanized iron, covered receptacles of a capacity of not more than three cubic feet, said receptacles to be approved of by the Garbage and Refuse Inspector, in one of which he shall place every day all garbage (having previously rolled the same in paper) unless otherwise permitted by the Garbage and Refuse Inspector, and combustible refuse and in the other all non-combustible refuse and ashes.

6. Should the occupant of any premises neglect to procure proper receptacles or should he neglect to put in said receptacles said ashes, garbage and other refuse as above provided, then the collector shall call at the building on the occupant's premises and notify him of such neglect and if the neglect is repeated the Collector shall report the same to the Inspector.

7. The receptacles shall be placed by the occupant on occupant's lot as close as possible to the sidewalk opposite to the premises on the day and at the hours of removal thereof appointed as hereinbefore provided. Should the premises abut on a lane the receptacles shall be placed upon the premises with a door

opening into the lane, or in any other place at the discretion of the Inspector. But in no case shall a receptacle be kept in a lane.

8. No person shall place any receptacle on the street on any days after the hours fixed by the Garbage and Refuse Inspector.

9. The receptacles shall be removed from the streets by the occupants as soon as possible after the collectors have made their round.

10. All waste paper in the possession of an occupant who desires to get rid of the same, shall be burnt in the house of such person or be solidly made into a bundle or roll, firmly tied and shall not be deposited elsewhere than close to the receptacle reserved for garbage.

11. The collectors of garbage shall be appointed by the Garbage and Refuse Inspector who shall have control of said Collectors and may at any time discharge any or all of them for incompetence or other just cause.

12. The garbage collection shall gather up any ashes, refuse or garbage which has fallen on the ground from the receptacles while the contents of the same are being emptied into the gar bage vehicles.

13. All garbage and combustible refuse shall be taken by the collectors to the incinerator and there disposed of and all ashes and non-combustible refuse shall be taken by said collectors to the City dump.

14. The collection of garbage by farmers or persons other than the collectors appointed by the Garbage and Refuse Inspector is hereby prohibited.

15. No person shall break, damage or take away any such receptacles or cover thereof nor turn over or upset the contents thereof, after the same have been placed in a street to be emptied by the collectors. No person shall deposit ashes, garbage or other refuse in a receptacle not belonging to him.

16. It is strictly forbidden to mix any garbage with the ashes before or after they have been deposited in a receptacle.

17. No person shall throw, cast or lay or cause to be thrown, cast or laid or disturb or interfere with any garbage, ashes, or other refuse in the street, lane, alley, private or public way or in any public square, place or vacant lot except the same be placed for the purpose of and in the manner prescribed by this By-law.

18. The garbage rates and charges shall, subject to the Council, be collected by the Collector of Taxes under the direction of the said City Council.

19. The expense of the collection, removal and disposal by the Corporation of said ashes, garbage and other refuse throughout the whole municipality shall be borne by the owners and occupants of the land therein and an annual special rate shall be imposed upon such land according to its assessable value, sufficient to defray the expense of such collection, removal and disposal and no land within the Municipality shall be exempt from the said annual special rate anything in any general or special Act or any by-law to the contrary notwithstanding. The said annual special rate shall be placed upon the Collector's Roll during the year in which the same is to be collected and shall be collected in like manner and at the same time as all other municipal taxes.

20. Any person convicted of a breach of any of the provisions of this By-law shall forfeit and pay at the discretion of the convicting Magistrate, a penalty not exceeding the sum of fifty dollars (exclusive of costs) for each offence; and in default of payment of the said penalty and costs forthwith, the said penalty and costs, or costs only, may be levied by distress and sale of the goods and chattels of the offender; and in case of there being no distress found out of which such penalty can be levied, the convicting Magistrate may commit the offender to the Common Gaol of the County of Frontenac, with or without hard labour, for any period not exceeding six calendar months, unless the said penalty and costs (if any) including the costs of said distress and of the committal and conveyance of the offender to the said gaol, are sooner paid.

21. By-law No. 13, 1911, and all other by-law or portions of by-laws or amendments thereto inconsistent with the provisions of this by-law are hereby repealed.

22. This By-law shall come in force and take effect on its passing.

BY-LAWS.

Ald. Graham presented By-law No. 44, 1915. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time the second being in committee of the whole, Ald. Bews in the chair and was signed and sealed as follows:—

BY-LAW NO. 44, 1915.

A By-law to authorize the construction of concrete walks in the streets and parts of streets in the City of Kingston, set out in the schedule hereto annexed, as Local Improvements under the provisions of the Local Improvement Act.

Passed Sept. 27th, 1915.

WHEREAS it is expedient that the construction of the concrete walks on the streets and parts of streets set out in the schedule hereto annexed, shall be undertaken as Local Improvements,

and notice of the intention of the Council to undertake such works has been duly published.

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. (a). That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of each of the said concrete walks in the streets and parts of streets set out in the schedule hereto annexed should be undertaken as a Local Improvement, under the provisions of the Local Improvement Act.

(b). That, as above determined and declared, each of the said concrete walks be constructed as a Local Improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications, and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the direction and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

6. The Special Assessment shall be paid by twenty annual instalments (which is within the life time of the work).

7. The debentures to be issued for the loan to be affected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and be made payable within twenty years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt the rate of interest on investment shall not be estimated at more than five per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by

the payment of such sum as when invested at five per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, City Clerk.

BY-LAW NO. 49, 1915.

A By-law to amend By-law No. 21 of the Revised By-laws of the City of Kingston, being "A By-law for the Prevention of Fires and to Define the Fire Limits."

Passed October 12th, 1915.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. Sub-section (b) of Section 29 of By-law No. 21, is amended by adding thereto the following:—

PROVIDED that Eleven barrels or less of gasoleum (gasoline) or of the liquids mentioned in this sub-section may be kept for sale or storage in any approved and properly constructed steel tank bedded in concrete, the top of the tank to be not less than three feet below the surface of the ground, and, if possible entirely outside of any and all buildings, the said tank to be filled by a pipe extending to the surface of the ground or roadway with approved screwed cap and lock at top, and the said liquids to be drawn from the said tank by properly constructed pipes and pumps. Before any work of this kind is constructed, plans showing the location, together with specifications and drawings showing the construction of such tank, shall be submitted to the City Engineer and Chief of the Fire Department, and their approval of such location, specification and drawings obtained and a permit to instal in the location indicated on the plan procured from the Committee on Property.

PROVIDED also, that Gasoleum (gasoline) or any of the liquids mentioned in this sub-section may be kept for sale or storage in quantities greater than eleven barrels in an approved and properly constructed steel tank bedded in concrete, the top of the tank to be not less than three feet below the surface of the ground, and such tank to be surrounded with solid earth on all sides to a distance of at least six feet therefrom, and located not less than twenty-five feet from any building; provided all other requirements called for in this sub-section are complied with.

2. Sub-section (c) of section 29 is hereby repealed and the following enacted in lieu thereof.

(C) Notwithstanding anything in sub-section (a) or (b) contained, when fireproof buildings, so constructed as to ensure at all times a thorough ventilation thereof, used for the purpose of keeping or storing petroleum or coal oil, are isolated or detached at least twenty-five feet from any other building, or when such buildings used for the storage of benzine, bensole, naptha, spirits of turpentine, paraffine oil or gasoleum or any fluid containing any of the above fluids or dangerously combustible are isolated or detached at least one hundred feet from any other buildings, then any of the said fluids may be kept and stored in such buildings in any quantities whatever; and no fire shall be taken, lighted or used within the said last mentioned storage buildings, either for heat, light or any other purpose whatever.

3. Section 29 is further amended by adding the following as sub-section (d).

(D) Every person desiring to keep for sale or store in the manner provided by the last preceding section, any of the fluids mentioned in the said preceding section, shall make a written application to the Committee on Property for permission so to do, and shall state in such application the storehouse, shop, building or place in which he desires to keep or store the said fluids, or any of them; and it shall be the duty of the City Engineer and Chief of the Fire Department, whenever required so to do, to examine the premises of the applicant and report to the Committee thereon; and upon such report the Committee shall take action and grant or refuse permission as to them may seem meet; subject, however, to the approval of the Council.

This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

R. D. SUTHERLAND,
Mayor [L.S.]

MOTIONS.

Moved by Ald. Nickle, seconded by Ald. O'Connor (10) that the following question be submitted to a vote of the electors at the next Municipal election: "Are you in favor of the number of Aldermen being reduced to eight, and being elected by a general vote of the people, thus doing away with the Ward system, and hold office for one year?"

Moved in amendment by Ald. Newman, seconded by Ald. Peters (11) that the following question be submitted to the electors at the next Municipal election: "Are you in favor of reducing the number of Aldermen in the Municipal Council of the City of Kingston from three to two for each Ward and of having these Aldermen hold office for a term of one year instead of three?"

Moved in amendment to the amendment by Ald. Graham, seconded by Ald. Gardiner (12) that the number of Aldermen be reduced to ten members and that they be elected for a one year term, 5 wards, 2 men each.

Fire and Light.

Ald. Fair presented report No. 57 from the Committee on Fire and Light as follows:—

Committee Room, Kingston, Oct. 21st, 1915.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Fire and Light begs leave to report and recommend as follows:—

1. That one triple motor fire engine be purchased, and that tenders be asked for the price of the same as soon as possible,

and that a By-law be submitted to the electors at the time of the Municipal Elections to raise by way of loan sufficient money by the sale of debentures to pay the cost of the same.

2. For the information of Council the following is submitted:—A Sub-Committee was appointed to report upon the advisability of purchasing a motor fire apparatus, who reported as follows:—

Kingston, October 21st, 1915.

To the Committee of Fire and Light, City.

We, your Sub-Committee, beg leave to report, that both from the standpoint of economy and efficiency we recommend the purchase of a Triple Motor Fire Engine, and that tenders be asked for the price of same as soon as possible.

The purchase of a triple combination motor driven pump of 1,000 gallons capacity per minute, costing about $12,000.00 would do away with the need for four horses and one man, also the need of having the Chatham steamer placed in good condition at an estimated cost of $1,500.00, a total saving of about $2,900.00 or an annual saving of about $1,400.00.

From information supplied to me by chiefs in all parts of the country based on their experience in all manner of road conditions, both winter and summer, there is no doubt of the reliability of motor apparatus and from the result of the 12-hour tests at Cincinnati Convention, and also at New Orleans in 1914, the motor pump is more reliable than the steam pump in regards to steady pressure and also in question of cost of running same, as well as cleanliness.

BY-LAWS.

Ald. Graham presented By-law No. 50, 1915. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Kent in the chair and was signed and sealed as follows:—

BY-LAW NO. 50, 1915.

A By-law to authorize the construction of a Macadam Roadway with Concrete Curb for Park in the street in the City of Kingston set out in the schedule hereto annexed, as a Local Improvement, under the provisions of the Local Improvement Act.

Passed October 25th, 1915.

WHEREAS it is expedient that the construction of a Macadam Roadway with Concrete Curb for Park together with pri-

vate drain connections to the abutting properties in the street set out in the Schedule hereto annexed, shall be undertaken as a Local Improvement, and notice of the intention of the Council to undertake such work has been duly published.

THEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1. (a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of the Macadam Roadway with Concrete Curb for Park together with private drain connections to the abutting properties in the street set out in the schedule hereto annexed should be undertaken as a Local Improvement, under the provisions of the Local Improvement Act.

(b). That, as above determined and declared, the said Macadam Roadway with Concrete Curb for Park together with the said private drain connections to the abutting properties be constructed as a Local Improvement under the provisions of the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications, and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firms or corporation, subject to the approval of this Council, to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank, person or persons for temporary advances of money to meet the cost of the work pending the completion of it.

6. The Special Assessment shall be paid by seven annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work, when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and be made payable within seven years on

the sinking fund plan, and in settling the sum to be raised annually to pay the debt the rate of interest on investment shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter, by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

BY-LAW NO. 52, 1915.

A By-law to raise by way of loan on the credit of the debentures of the Municipality of the City of Kingston the sum of $13,000 for Patriotic purposes.

Passed, October 28th, 1915.

WHEREAS by an Act of the Ontario Legislature, 5 George V., Chapter 37, entitled, "An Act to Authorize and Confirm Grants by Municipal Corporations for Patriotic Purposes." Any Municipal Corporation may pass by-laws for granting aid to the Canadian Patriotic Fund and the other Patriotic Purposes therein set out.

AND WHEREAS the Council of the Corporation has already granted aid to certain of these purposes and proposes to grant further aid, the total amount for such purposes being $13,000, and it is necessary and expedient to grant such aid and for that purpose to raise the sum of $13,000 by way of loan in the manner hereinafter provided.

AND WHEREAS the amount of the debt to be created by this By-law is $13,000.

AND WHEREAS the total amount required to be raised annually by special rate on all the rateable property of the Municipality liable thereto for paying the said debt and interest as hereinafter provided is $1,685.

AND WHEREAS the amount of the whole rateable property of the said Municipality, according to the last revised assessment roll of the said Municipality, being for the year 1915, is $12,379,142.

AND WHEREAS the amount of the existing debenture debt of the said Municipality, exclusive of the Local Improvement debts, secured by special act, rates or assessments is $1,355,862.98 and no part of the same or of the interest thereon is in arrear.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said Municipality to raise by way of loan from any person or persons, body or bodies corporate who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $13,000 and to cause the same to be paid into the hands of the City Treasurer of the said City for the purpose aforesaid.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required not less than $100 each and which said debentures shall be sealed with the seal of the said Municipality and signed by the said Mayor, and countersigned by the said Treasurer, and together shall not exceed the sum of $13,000.

3. The said debt of $13,000 shall be payable in annual instalments within ten years from the first day of July, 1915, at the Office of the City Treasurer in said City, and the said debentures shall have attached to them coupons for the payment of the interest thereon half yearly as hereinafter provided, which coupons shall be signed by the said Treasurer, and the said instalments shall be of such amounts that the aggregate amount payable for principal and interest in any year in respect of the debt shall be equal as nearly as may be to what is payable for principal and interest during each of the other years of said period and the said debentures shall be issued accordingly.

4. The said debentures shall bear the same date and shall be issued within two years from the passing of this By-law and shall bear interest at the rate of five per cent. per annum from the first day of July, 1915, which interest shall be payable half-yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston.

5. For the payment of the said debt and the interest to become due thereon an annual sum of $1,685 shall be raised in each year of the said period of ten years by an annual special rate sufficient therefor to be levied on the whole rateable property in the said Municipality.

This By-law shall come in force and take effect on its being approved by the Lieutenant-Governor in Council.

BY-LAW NO. 53, 1915.

A By-law to amend By-law No. 29, of the Revised By-laws of the City of Kingston entitled "By-law No. 29, A By-law Respecting Streets."

Passed Nov. 10th, 1915.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. Section 55, of By-law No. 29, of the Revised By-laws as enacted by By-law No. 9, 1914, is hereby amended by adding thereto the following:

"Provided further that where there is on a building a projection extending beyond the street line, then such last men-

tioned sign may extend more than three feet six inches over the street line if its location is approved by the City Engineer and the Chief of the Fire Department."

2. This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

R. D. SUTHERLAND,
Mayor [L.S.]

Ald. Graham presented By-law No. 54, 1915. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Nickle in the chair and was signed and sealed as follows:—

BY-LAW NO. 54, 1915.

A By-law to authorize the construction of a sewer on King Street from a point 340 feet East of St. Lawrence Avenue thence Westerly to connect with a sewer in St. Lawrence Ave., as a Local Improvement under the provisions of the Local Improvement Act.

Passed, November 10th, 1915.

WHEREAS the Local Board of Health of this Municipality has recommended the construction of a sewer in King Street from a point 340 feet East of St. Lawrence Avenue thence Westerly to connect with a sewer in St. Lawrence Avenue, and it is therefore necessary and desirable in the public interest on sanitary grounds to construct such sewer according to such recommendation as a Local Improvement.

AND WHEREAS the Provincial Board of Health has approved of the construction of said sewer:

AND WHEREAS notice of the intention of the Council to undertake the construction of said sewer has been duly published:

WHEREFORE, the Municipal Council of the Corporation of the City of Kingston enacts as follows:—

1(a) That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council

that it is desirable that the construction of said sewer in King Street from a point 340 feet East of St. Lawrence Avenue thence westerly to connect with sewer in St. Lawrence Avenue should be undertaken as a Local Improvement under the Local Improvement Act.

(b) That as above determined and declared a sewer be constructed in King Street from a point 340 feet East of St. Lawrence Avenue thence westerly to connect with sewer in St. Lawrence Avenue as a Local Improvement under the Local Improvement Act.

2. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

3. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

4. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

5. The Treasurer may (subject to the approval of the Council) agree with any bank or person for the temporary advances of money to meet the cost of the work pending the completion of it.

6. The special assessment shall be paid by twenty (20) annual instalments (which is within the lifetime of the work).

7. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and be made payable within twenty (20) years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

8. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sums as, when invested at four per cent.

per annum, will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

9. This By-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS, City Clerk. R. D. SUTHERLAND, Mayor [L.S.]

Ald. Newman presented By-law No. 55, 1915. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. O'Connor in the chair and was signed and sealed as follows:—

BY-LAW NO. 55, 1915.

A By-law to submit to the electors for their opinion questions as to the number of aldermen to be elected and their term of office.

BY-LAW NO. 58, 1915.

A By-law to raise by way of loan on the credit of the debentures of the Municipality of the City of Kingston the sum of $60,000 for Patriotic purposes.

Passed December 6th, 1915.

WHEREAS by an Act of the Ontario Legislature, 5 George V., Chapter 37, entitled, "An Act to Authorize and Confirm Grants by Municipal Corporations for Patriotic Purposes," Any Municipal Corporation may pass by-laws for granting aid to the Canadian Patriotic Fund and the other Patriotic purposes therein set out.

AND WHEREAS the Council of the Corporation has already granted aid to certain of these purposes and proposes to grant further aid, the total amount of such further aid being $60,000 and it is necessary and expedient to grant such aid and for that purpose to raise the sum of $60,000 by way of loan in the manner hereinafter provided.

AND WHEREAS the amount of the debt to be erected by this By-law is $60,000.

AND WHEREAS the total amount required to be raised annually by special rate on all the rateable property of the Municipality liable thereto for paying the said debt and interest as hereinafter provided is $8,000.

AND WHEREAS the amount of the whole rateable property of the said Municipality, according to the last revised assessment roll of the said Municipality, being for the year 1915, is $12,379,142.

AND WHEREAS the amount of the existing debenture debt of the said Municipality, exclusive of the Local Improvement debts, secured by special act, rates or assessments is $1,355,862.98 and no part of the same or of the interest thereon is in arrear.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. It shall be lawful for the Mayor of the said Corporation, for the purposes aforesaid, to raise by way of loan upon the credit of the Corporation by the issue of the Debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same, a sum of money not exceeding in the whole the said sum of $60,000 and to cause the same to be paid into the hands of the Treasurer of the said Corporation for the purpose aforesaid.

2. It shall be lawful for the said Mayor for the purpose of said loan, to cause any number of debentures to be made for such sums of money as may be required, not less than One Hundred Dollars each, which said debentures shall be sealed with the seal of the said Municipality and signed by the said Mayor and countersigned by the said Treasurer and together shall not exceed the sum of $60,000.

3. The said debt of $60,000 shall be payable in ten years from the first day of January, 1916, at the office of the City Treasurer in the said City, and the said Debentures shall have attached to them coupons for the payment of the interest thereon half-yearly as hereinafter provided, which coupons shall be signed by the said Treasurer.

4. The said Debentures shal be dated from the first day of January, 1916, and shall bear interest at the rate of five per cent. per annum from the first day of January, 1916, which interest shall be payable half-yearly on the first day of January and July in each year at the office of the said City Treasurer in the City of Kingston.

5. There shall be raised annually during the currency of the said debentures the sum of $3,000 for the payment of the interest thereon, and the sum of $5,000 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of $8,000 to be raised, levied and collected in each year during the period of ten years by an annual special rate sufficient therefor to be levied on the whole rateable property in the said Municipality.

This By-law shall come in force and take effect on its being approved by the Lieutenant-Governor in Counsel.

(Signed)

W. W. SANDS, City Clerk. R. D. SUTHERLAND, Mayor [L.S.]

REPORTS.

Finance and Accounts.

Ald. Kent presented report No. 69 from the Committee on Finance and Accounts as follows:—

Committee Room, Kingston, Dec. 16th, 1915.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:

1. That the following unauthorized accounts be paid:
   Prof. W. Walker, analysis of tarvia.....$20.00
   B. Blackhall, analysis of tarvia 10.00

2. That the Collector of Taxes is hereby instructed not to collect taxes for the year 1914 as follows:—

Frontenac Ward.

Roll No. 143 on part lot 60 assessed to Kingston Realties, Ltd., $21.18.

Roll No. 148 on part lot 69 assessed to Kingston Realties, Ltd., $10.27.

Roll No. 155 on lots 67 and 62 assessed to Mary A. O'Brien, $26.45.

3. That in cases of manufacturers in this Municipality, who are given exemption of taxes, providing they employ a certain number of hands and pay out a certain amount of money each year as wages, but on account of business depression brought on by the war, have not employed the number of hands and paid out the amount of money as wages as mentioned in the By-law, the Corporation treats these cases as exceptional, and hereby instructs the Tax Collector not to collect the said taxes.

4. That the Public Utilities Commission be provided with $313.89 for the purpose of extending electric lines across the new Cataraqui causeway.

5. That the Provincial Government be memorialized to amend 5 Geo. V. Chap. 37, Clause 2, Sub-Sec. 1, being an Act to authorize and confirm grants by Municipal Corporations for patriotic purposes, by striking out the word ten in the third line thereof and inserting the word "twenty" instead, and that the City Clerk forward copies of this resolution to the different Municipalities in the Province of Ontario and also the Ontario Municipal Association requesting them to do likewise.

6. That the account for two arc lights in Macdonald Park amounting to $30.00 be paid and charged to the general street lighting account.

7. That the unauthorized account amounting to $5.80 for feed for the Superintendent's horse be paid and charged to the Parks Committee.

8. That the taxes on the property owned by the Realties Company on which the bathing houses belonging to the Corporation are situated be remitted.

9. That the taxes on the properties of Hugh Macpherson and H. W. Richardson be remitted for the proportion of the year 1915 they have been used as Convalescent Hospitals. After Dec. 31st, 1915, remission of taxes will be allowed on those properties only which are given free of rent to the Dominion Government for purposes as named above.

10. That the sum of $500.00 be placed at the disposal of Finance Committee for use of the Officer Commanding 3rd Military Division for the purpose of home defence for this Municipality.

11. That the Market building be reconstructed and equipped in accordance with plans and specifications submitted by the Militia Department at an estimated cost of $4,052.67, and placed at the disposal of the Militia Dept., free of charge, for accommodation of troops for this winter, and that tenders be called for the work as soon as possible, authority be given Finance Committee to award said tenders.

12. That notwithstanding anything to the contrary in the City By-laws the City Treasurer be authorized to pay any outstanding accounts at the end of the year, when same have been certified to by the City Auditor and signed by the Chairman of the various Committees, a list of the same to be added to the Minutes of this evening.
